CITY PLANS FOR WAR DEFENSE

Christmas Parties Planned

All Daly City Children Invited To City-Wide Fete; Santa To Visit Eagles

Eagles Invite Santa To Entertain Children

Santa Claus is coming to town to visit the children of Colma-Vista Grande Aerie No. 1848, Fraternal Order of Eagles on Sunday afternoon, December 17.

He will be at the Christmas tree party to be held in the Eagles Hall, 3342 San Jose Avenue, from noon until 6 p.m. A committee consisting of Emil Bertelli, Chairman, John Patton, E. J. Smith, and Gerald Summers have been actively at work the past two weeks planning the event.

Mesdames Alberta Diebel, Mary Voboril, Lorene Gardner and Edrie Summers of the Auxiliary have been assisting the Aerie's committee in working out the details for making the party an outstanding success for the kiddies.

Apart from Santa who will be on hand to welcome each child, other entertainment and surprises for the children have been planned. A gaily decorated Christmas tree, and Yuletide decorations throughout the Hall will lend a Xmas spirit to the festivities.

Only children 12 years and younger will be admitted, when accompanied by an Eagle or some member of his family. Members are urged to bring the younger children to greet Santa at 12 o'clock noon, and the older children later in the afternoon.

Elementary School Party Slated For December 18

All Daly City elementary and pre-school children were invited today to attend the city's annual Christmas party to be held December 18.

Sponsored by the Daly City Recreation department, the annual fete is looked forward to every year by hundreds of youngsters.

Tentative plans call for three parties to be held in the three Daly City theatres. About three hours of entertainment is planned. The main attraction, of course, will be Santa Claus, who will put in an appearance at each of the theatres. He will talk over the Christmas holidays with the children and present them each with a suitable gift.

Films Planned

Of equal interest to most of the kids will be the three hours of movies and cartoons. These films have been especially chosen for the Christmas season.

Time, and specific place for the entertainment will be published in the Daly City Record next week. Assisting in the Christmas party this year will be members of the various PTAs, the Daly City Civic Womens club and the OLPH Mothers club.

Broadmoor Water Rates May Jump One-Third Feb. 1

Water rates for Broadmoor and most of San Mateo county may go up more than one-third starting February 1.

The first step in approving the higher rate was made by the San Francisco public utilities commission Monday when they voted in favor of raising by 36 per cent the raises of water to wholesale buyers. The commission's action now will go before the San Francisco Board of Supervisors for final action.

As the California Water Service Co. purchases San Francisco water and in turn supplies it to Broadmoor, the new rate would be passed along to users in that area.

It is expected the average water bill would go up from 11.6 to 16 cents a hundred cubic feet.

As most of Daly City is now served by wells this area would be entirely unaffected. Westlake uses San Francisco water now, but soon will be tied in with the Daly City system.

Mud Floods Ten Concordia Blocks; Theatre Hit Hard

Concordia residents had new woes this morning as they began shoveling 10,000 yards of mud away from their homes. The sea of mud was brought on by heavy rains last night that washed down the hills behind Concordia.

This was the third, and worse, in a series of landslides that has practically washed out the new drive-in theatre in the north east corner of Daly City. The theatre's ticket office is now balanced on a thin wall of dirt which may give way at any minute.

10 Blocks Covered

At some places in the 10 block area covered by mud the dirt was gutter high. However, it did not reach the point where it flooded basements.

Worse hit were two cars in the vicinity of Brunswick and Concord streets. The mud and debris was so thick that the cars were unable to get away.

Last night's heavy rain did an undetermined amount of damage to the outdoor theatre. Plans called for an opening early in November, but due to the heavy damage done by rain and mud theatre officials were doubtful today whether it would open before January 1.

Flooded Basements

Meanwhile, in Broadmoor the first damage of the storms this year was reported on Maddux drive where several basements were flooded from waters coming off the Westlake tract, Police Chief Schmidt said today.

The Chief reports further damage was checked by quick action on behalf of Westlake workmen who used fill to turn the rain from Maddux drive.

Except for colds and wet feet other Daly City residents escaped any damage from the weekend rains.

DALY CITY STREETS NOW MUCH CLEANER

Whether you've noticed it or not, Daly City streets are now much cleaner than they were a few weeks ago.

As of the first of this month a regular sweeping operation has been in effect here. A. J. Bodien, works superintendent, said today. The city has been set off in sections and once a week the mechanical sweeper cleans up the streets in each of the various areas.

The main business district is swept clean every morning, beginning at 4 a.m.

As it is necessary to clean along the curbs early in the morning, the police department requests the cooperation of all car owners to keep their parked machines off the streets between 4 a.m. and 6 a.m.

GROUND BREAKING FOR COM. CENTER SET FOR SATURDAY

Urge Public To Attend Ceremony At 11 A. M.

Ground breaking ceremonies for Daly City's \$298,000 Community Center building will be held on the site at Alp and Mission streets this Saturday at 11 a.m.

The ceremonies will be brief but impressive, especially for those hundreds of citizens who fought so hard and long to have the building erected.

City officials, interested citizens and representatives of the American Legion Post No. 410 and Old Glory Post No. 2044 VFW will take part in the official ceremonies.

"As this is a community project in the finest meaning of the word, we hope to see a good number of Daly City residents turn out for the ceremonies," Mayor Paul Green said today.

Over the past two weeks the site has been graded, and work on the actual building is expected to begin shortly before Christmas. The completion date is set for about September, 1951.

When completed the building will be a center for all civic activities, furnishing adequate space for various meetings, recreation and other civic functions.

Daly City Woman's Husband Killed In Korea Fighting

Lt. Jerry P. Flynn won't return from the Korean war. The husband of a well known Daly City woman was killed in action November 7, the Department of Defense announced this week.

Fighting with the Second Infantry Division near Pyongyang, Lt. Flynn was wounded by a mortar shell fired by Korean guerrillas. He died soon afterwards in a first aid station.

His death came only a day after he had sent a letter to his wife from Seoul advising her he would telephone her. Within hours after he had written the letter, he was called to the front.

Mrs. Flynn, now visiting with her husband's parents in Stafford, Kansas, is the daughter of Mr. and Mrs. Edward Grant, 119 W. Moltke street.

Lt. Flynn completed basic training at Fort Riley in 1948. His record was so good that he was sent to Fort Benning, Georgia for officer training.

On August 22, just two weeks before his death, he was sent to Korea to join the famed Second Infantry Division.

Lt. Flynn is survived by his widow and his parents.

Don't Kill An American!

YOUR BLOOD IS NEEDED IN KOREA

Daly City residents are asked to make a priceless donation this week... their blood... for the wounded American doughboys in Korea.

The American Red Cross through the auspices of the San Mateo County Blood Bank is staging a gigantic Christmas drive for blood donors.

With the assistance of local residents Mrs. Ethel Harris and Mrs. Eve Hobbs, the County Blood Bank is planning a "Daly City Donor Day" next Friday, December 15.

On that morning, Red Cross vehicles will arrive in front of

ONE WILL BE QUEEN—The seven lovely junior college girls pictured above will serve as Rose Princesses for the 62nd annual Tournament of Roses parade January 1 in Pasadena, Calif. One of the seven will be named Rose Queen. They are: (l. to r. first row) Laurie Engdahl, Eleanor Payne, Nancy June Robinson, (second row) Murray Draper, Rose Josi and Billie Joe Hudnall.

Bldg. Regulations Cut Construction Almost 50% Here

Building was off almost 50 per cent in Daly City last month as the effects of recent government regulations on home buying were felt here for the first time.

George Hopman, building inspector, said that 23 homes were constructed at a cost of \$250,000 during November. The majority of these were in Westlake. This compares with 33 homes at \$358,198 for the same month one year ago.

Alterations for last month totaled only \$800. There was no commercial building. One year ago alterations and commercial building totaled \$134,565.

The total for building permits issued last month was \$230,880. This compares with \$492,765 for November, 1949.

Although listed as a building permit issued last month, the \$238,623 community center was planned almost a year ago and is the exception rather than the rule for present construction.

Where Is My Wandering Dog Tonight...Why He's In Los Angeles

Skipper is home.

He's a young Cairn terrier who accompanied his master Martin Johnson, 401 Westlake avenue, from England some time ago. Several months ago Skipper decided to see America and took leave from Johnson.

Skipper wandered into San Francisco one day and was picked up by a motorist going to Los Angeles. Following a brief tour of LA, the motorist turned Skipper over to the SPCA.

The dog's story was published in a newspaper, and it just happened that Johnson saw the yarn. He wrote to Los Angeles, and Tuesday Skipper was reunited with his

OCEAN SHORE R. R. VS. DOELGER CASE NOW ON TRIAL

Judge To Determine Who Owns Land Strip

Going into its third day in San Mateo county superior court today is the case of the Ocean Shore Railroad vs. Henry Doelger. The case is being heard before Judge Murray Draper.

The trial opened Monday and its principal purpose is to determine whether Doelger or the Railroad can claim title to a 60 foot wide strip of land which runs, roughly, from the north end of White street north and west to Aleman.

Doelger Claims
Doelger asserts that when he purchased all of Westlake he also bought the controversial strip of land. On the other hand, the Railroad claims that they own the property and never gave up the title to anyone.

Meanwhile, until the case is settled the Railroad has an injunction against Doelger which prevents him from crossing the strip of land. This threatens to tie up work on 2,100 homes in the west section of the Westlake tract.

Depending on who wins the case now in court will determine the future of a \$375,000 damage suit filed by the Railroad against Doelger. The suit is based on the contention that Doelger was trespassing and in some way damaged the asserted right-of-way of the Railroad through Westlake.

Second Trial
Roy R. Reece, one of the attorneys for the Railroad, said today that if the case goes in favor of the Railroad they will call for a jury trial on the damage suit. Should the Railroad lose the case, they will appeal, Reece said.

As it is expected that if Doelger loses the case he too will appeal, it appears that the actual damage suit will be many months or possibly years before it comes before a jury.

PLANS MADE FOR MOBILIZATION OF CITY FOR POSSIBLE WORLD WAR III

Mayor Calls For Precinct Wardens, Auxiliary Police, Fire, Red Cross Classes

Gearing for possible war, Daly City this week was making plans for protection of its residents in case of A-bomb or other forms of attack.

The stepped up program followed a meeting of county city government officials last Thursday evening where the warning was sounded that San Mateo county (in case of war) "can expect rockets from submarines, bombs, and sabotage."

Following the joint meeting, the officials agreed to immediately set up a city-county planning council for defense.

Cooperation
"While we certainly wish to cooperate with the county in this matter, there are a few things where Daly City must take exception to county plans," Mayor Paul Green, chief of civilian defense here, said today.

The mayor said at this time he was opposed to hiring a full time county civilian defense director as suggested at last Thursday's meeting. He said he preferred to seek advice from "experts" already at work on the problem, as for example the San Francisco defense director.

However, not content to wait for action by the county, Daly City officials today announced the following definite steps toward protection of this area.

Steps Announced

1. An auxiliary fire and police force, and training programs for these groups is being made at the present time. Members for the auxiliaries will be drawn from various veterans groups who have volunteered for such work.

2. While the state has suggested a block air raid warden program similar to the one employed in World War II, Daly City officials are opposed to such a set up. Instead the city is considering possible organization of a warden set up on a broader basis, Mayor Green said.

3. Instead of having a man, or woman, for every block we propose designating certain geographic areas, similar to those used in precincts, with a warden and a small group of men and women in charge," the mayor said.

System Better
He asserted that such a system was much better as in case of a real emergency it is much easier to contact and coordinate a small group.

(Continued on Page 2)

Breslauer Informer Sentenced To Jail

One of the men who put the "finger" on the killers of bookie Martin D. Breslauer, shot down in Daly City last September, will spend six months in jail.

He is Jack V. Coret who was sentenced to the jail term in San Francisco police court Monday after pleading guilty to violating the state gun law.

Coret was arrested last Wednesday when police learned he was armed with two revolvers. Officers followed him to his hotel room where they found the two loaded weapons.

Although Coret refused to say why he was carrying the revolvers, police surmise he is fearful of a kangaroo retribution for becoming the "finger man" who led to the arrest and imprisonment of Roy Teller, now a lifer at San Quentin.

Christmas Lights Go On Here Thursday Evening

Daly City will be lighted for Christmas tonight, December 7, Mayor Paul Green announced today.

The bright green, red and yellow lights are strung along the length of Mission from the San Francisco county line to Market street. They are made possible by the city and members of the Daly City Merchants Association.

Also work was underway this week to deck out city hall for the yule season festivities. It is expected, as last year, that the hall will be outlined in bright Christmas lights.

WESTLAKE ASSN. ELECTS 1950-51 BOARD MEMBERS

Dr. Gibson Retains Place With Directors

Election of directors for the coming year was the principal business before the annual meeting of the Westlake Improvement Association Tuesday night.

Some 210 voters turned out for the election and when the final ballot was in they had chosen to keep two of the original five directors and cleared three newcomers to the board.

Dr. George Gibson won an overwhelming vote of confidence (he received 150 votes) and probably will be retained as President of the Association.

Bosbery Returned

Harry Bosbery, who has served as secretary for the group, also went into office again with 116 votes.

Both men were chosen to run by a nominating committee appointed by the board. The committee, headed by Charles Becker, also picked five other men, only one of whom was elected by the Association. He is Bill Lavagnino, 238 N. Mayfair avenue, an insurance man who received 88 votes. The two other successful candidates were nominated from the floor. They are:

George S. Pingry, 8 Cliffside drive, who was nominated by one of his employees in the Joint Division of Highways. The method of the nomination amused the audience who gave Pingry the second largest vote of 129. It is Pingry who was responsible, in no little way, for the signal work now going on at Junipero Serra and Highway No. 1.

Election Later

Marty O'Conner, 78 Wilshire, received 109 votes, but only after he had tied for fifth spot with Albert Desmond, 145 Wilshire. In the run off election O'Conner carried by only a few votes.

At some later date the new board of directors will elect officers for the coming year.

While the ballots were being counted Dr. Gibson gave the audience a brief resume of the work done by the Association over the past year.

1. The Westlake school, for which the board worked, will be under construction by January 30. It is expected the building will be ready for use by September 1.

Transportation

2. All trees in Westlake will be taken care of by the board, and any dead ones will be removed and replaced.

3. Transportation is still a headache, although the board is now working on a plan to furnish adequate bus service. Dr. (Continued on Page 2)

ADOPTION HOME OPENS IN SM COUNTY

An adoption unit, was opened this week in San Mateo, Dr. Harold D. Chope, county health and welfare director, said today.

Miss Dorothy Wertz will be in charge of the agency located in the former nurses' home on Community hospital grounds at 37th avenue and Edison street in San Mateo. Hours are Monday through Friday from 9 a.m. to 4 p.m.

Any married couple now residing in San Mateo county may apply to adopt a child.

HOW IT LOOKS FROM A CORNER

By BILL KATZ

At Hell's Gate

"You," said Gertrude Stein, "are the lost generation."

That was a wonderful, concise explanation of the number of drunkards, poets and bon vivants who turned up on the left bank of Paris after World War I and later made their way into the bread lines of the WPA. It was romantic to think of oneself as alone, tragic, facing the world with a belief in nothing except one sense of loneliness. Somehow it fitted the small number of men and women who had entered the century with hope, but died prematurely either in spirit or flesh on the battlefields of Europe.

Negative, Never

But as no negative theory ever could compete with the reality of eating and raising a family, the lost generation grew fat and bald and somehow forgot that they were apart from the "others" whose only contact with war had been the telegrams from the war department and higher taxes.

Then came World War II with science, and armies that drew upon almost every family in America and Europe. Now it was everyman's war. And when it was all

(Continued on Page 2)

Colma Man Lives To Tell Of Plunge

Some guardian angel was looking after 34-year-old Pampilo V. Posidio of Colma last Sunday when his car went off a 300 foot cliff at Thornton beach.

The Colma man was driving along the Coast Highway Sunday afternoon when a sudden rain squall came up. He slowed down and was about to make a turn when he lost control of his car.

A moment later the machine was rolling down the treacherous slope end over end. Following the 300 foot plunge Posidio shook himself, found he was still alive, and managed to crawl out of one of the doors. To his amazement he discovered that the extent of his injuries was a minor head cut and several bruises.

The car didn't do so well. It was a complete wreck, police said.

PARKING METERS READY BY XMAS

Daly City's new parking meters should be in operation by Christmas, Orrin Wendling, city administrator, said today.

The majority of the posts have now been installed throughout the Daly City business district, and the meter boxes are expected to arrive here December 15.

There will be approximately 400 meters installed here.

CHRISTMAS SHOPPING TIME!

Traditionally, the intensive Christmas shopping period opens this week—with the Thanksgiving holidays behind us and Christmas Day, less than a month ahead, suddenly looming large on the calendar.

Traditionally, too, Americans by the millions, put off the inevitable buying chore until the last possible day, or even hour—forgetting or at least ignoring the memory of that awful jostling, crowding, nerve-shattering Johnny-Come-Lately experience of last year (which they swore they'd never procrastinate themselves into again).
Surely, this year, there is every inducement for all of us to get our Christmas shopping started and finished early—the easy, leisurely, pleasant way—and so enjoy the holiday season to the full. Never in memory have the gift stocks in all stores been more plentiful or varied (Shades of the war years—when there was so little to choose from, and largely ersatz stuff at that!).

Shortages may loom ahead for next year and perhaps for years to come—but not for this Christmas! Christmas goods are manufactured months ahead of time, for the most part; so there was no thought of curtailment of metals or other materials for civilian goods when manufacturers and merchants were preparing for Christmas, 1950.

Our own merchants are advertising everything that you could find in the biggest stores in the biggest cities of the country, and generally at considerably lower prices, since it costs more money in overhead to do business in high-rent metropolitan areas. So let's all save money and show mercy to our nervous systems by shopping early and at home—and thereby, for the year of 1950, escape those "never again" regrets!

A CALL FOR MORAL MOBILIZATION

"Our defense mobilization will miss its goal by a wide margin unless we tap our spiritual forces to offset our numerical shortage of manpower," according to Austin S. Igleheart, president of General Foods Corporation. He calls for "moral mobilization," which he described as "the kind of mobilization that begins at home—in our plants, and in our shops and in the mind and heart of each one of us." He asked all Food companies and associations in the audience to face the fact that manpower is our country's basic shortage, and a shortage of manpower sooner or later spells shortage of materials.

"Employment is perilously close to the currently recognized upper limits of 66 to 68 million persons," he said. "It will take moral mobilization not only to raise that ceiling, but to add the spiritual power needed to tip the balance favorably."

The General Foods Chief pointed out that times of stress tend to bring us closer to the fundamentals of living, and to do away with the pettiness that so frequently restricts productive activities. He insisted that, "At such times there is usually a much freer play of the finer emotions, including friendliness, confidence, hopeful faith, zeal, and loyalty."

"If great numbers of companies in the United States will mobilize their morale... the bonus of energy might prove to be the decisive increase in National might, regardless of our numerical manpower index."

YOU CAN FIGHT INFLATION

Alan Valentine, the economic stabilization administrator, has repeatedly urged industry, labor and the public to cooperate in preventing a runaway inflation.

For businessmen this means restraint in regard to price increases. For the worker it means restraint in regard to wage demands. But what does it mean for the public?

The role of the average citizen in the fight against inflation is not so easily defined, yet it is no less vital. Personally his most important contribution to national stability lies in pursuing a normal course—that is, neither indulging in panic buying nor cutting his purchases below what he really needs. Buying something that isn't needed, such as an extra hundred pounds of sugar to be stored away, tends to boost prices. On the other hand, a slash in normal buying depresses business and makes for unemployment.

Another factor in the national stability is the amount of money saved. During an inflationary period it is imperative that savings funds be put into one form of savings or another. After all, inflation is simply a surplus of money in relation to the goods and services available. Hence, the more money taken out of circulation that would be used to bid up prices, the less the inflationary danger. Or to put it another way, the more money saved the more its purchasing power is protected.

These things, then, wise spending and increased saving, can be practiced by everyone. And they're certainly the patriotic things to do.

NO SIMPLE SOLUTION

The problem of whether to arm or not to arm the Germans, that is, to create a new German army under German officers, is apparently no nearer a solution now than it was many months ago.

Britain and the United States take the position that the West should build whatever bulwarks it can against a possible Soviet attack, even at the risk of reviving German militarism. But the French stoutly oppose taking this chance.

While at first glance it might appear that using German troops to help defend against the Russians would be better than no defense at all (virtually none exists now), there is no guarantee that the Germans, once reestablished militarily, would fight on our side.

The Germans, and particularly the German generals, have no love for either the Soviets or the Western Allies. But, if they felt they could gain even a temporary advantage by siding with Moscow they'd do it. In the final analysis, the rearming of Germany under German leaders (as opposed to incorporating German troops into a European army) would probably not eliminate the Russian menace but merely add a new German menace to the already complex situation.

TO PROTECT YOUR FAMILY

How would you like to sit aside a multimillion dollar fortune and have a hand in giving it away? This is the "job" which former ECA chief Paul Hoffman took over recently when he was named head of the vast Ford Foundation.

This foundation, like others of its kind, was set up for charitable and benevolent purposes. But another important, and thoroughly justifiable reason back of its creation was to avoid having the huge Ford estate virtually swept away by taxation. Through the establishment of this foundation the automobile magnate was able to avoid a substantial part of the taxes and at the same time to have more of a voice in the disposal of his estate.

While the creation of special funds such as this is done principally by people of wealth it is also possible for the man of comparatively modest means to do the same on a smaller scale and thus avoid some taxes on his estate. Any such saving, of course, leaves more for the support of his wife and the education of his children. The establishment to a fund or a trust can neither be done during one's lifetime or provided for under one's will. And by naming a bank as trustee, able and responsible management of the trust is assured.

Many men think about making a will or creating a trust but too many of them neglect to actually do anything about it. Yet, the procedure is simple and information on it is readily available at any bank. Good intentions are fine but they do little to help a widow whose husband failed to get around to making a will.

TEST LEADERS

A New York professor has proposed that an international panel of experts pass on the normalcy of those chosen or elected as national leaders before they are allowed to hold office. He says that this much is required of men who serve as local policemen and in similar jobs, and that we should be at least as careful about the heads of various governments.

Hitler and his Nazis, the professor points out, would never have gained power in Germany if this system had been used. Maybe so, but it would be difficult for the panel of experts to reach a rational decision with a gun stuck in their ribs. And even if they decided that the person in question was crazy would that stop people from voting for him? There are crazy voters, too, you know—or, at least, they often act that way.

More About Westlake Assn.

(Continued from Page 1)

Gibson said he hoped he would have something definite to report right after Christmas.

4. Bus shelters have gone up in Westlake at cost. Dr. Gibson said each one of the shelters had cost \$519. When he asked if there were any complaints no one had any comment.

Connecting Street

5. Speaking of the controversial connecting street between Westlake and Broadmoor, Dr. Gibson said the Association has gone on record in favor of such a street and is doing everything in its power to have it completed.

The summary was followed by a financial report, at which time it was learned that \$3,600 has been spent by the Association over the year, leaving a balance of \$10,000.

The meeting concluded with the Association agreeing to lower membership fees from \$19 to \$15 a year.

Garrison Resigns As Cow Palace Head

Carl L. Garrison, for five years Secretary-Manager of No. 1-A District Agricultural Association the State agency which administers the San Francisco Cow Palace, today resigned that post in order to accept the position of General Manager of the B. F. Porter Estate, which operates extensive livestock and agricultural properties in California and Nevada.

In accepting Garrison's resignation, the Board of Directors of No. 1-A District passed a resolution stating that the board, "although keenly aware of the great loss to the Cow Palace organization which Mr. Garrison's departure will represent, does not wish to place any obstacles in the path of his advancement."

The board requested Garrison to delay the effective date of his resignation in order that sufficient deliberation could be devoted to the consideration of a successor, and to this Garrison agreed.

The resolution accepting the resignation paid high tribute to Garrison's achievements as secretary-manager. It pointed out that during his tenure, the Cow Palace had achieved world-wide fame and that "during this period the Grand National Livestock Exposition, Horse Show and Rodeo had enjoyed a spectacular growth in importance and prestige, until it now ranks high among the premier shows of the nation." It also gave Garrison a large share of the credit in establishing the Grand National Junior Livestock Exposition and developing it to a point where, "it is the largest and most important show of its kind in the nation."

Defense Plans Made For War Mobilization

(Continued from Page 1)

er, better trained group than a large number of individual block wardens.

3. The city is preparing to inaugurate a large-scale Red Cross first aid training program both in the schools and in the home.

Along this same line, all doctors and nurses in the area will be asked to register with the city. Qualified medical personnel should volunteer name and address to City Hall.

School Program

4. City officials are now working out a program with the various schools to train and inform the students as to what steps to take in case of emergency.

5. The city will distribute the first 1,500 of 5,000 copies of the government-issued booklets on "Survival Under Atomic Attack" to every home in Daly City. The other copies will be distributed as soon as they are received from Maj. Gen. Robertson, state director of civilian defense.

The books serve the purpose of disseminating full information on atomic attack to every household in the community.

60,000 TROOPS IN AIR-GROUND MOCK WARFARE

EXERCISE SWARMER, a large scale military maneuver set up in North Carolina

by direction of the Joint Chiefs of Staff, has proven a test of the feasibility of air-ground operation such as was used to break the Berlin blockade. It put in more than 30,000 troops and 26,000 tons of supplies, maintained entirely by air.

In this first combined Air-Ground tactical exercise, commanded by Lieut. Gen. Lauris Norstad, USAF, the evaluation of inflicted casualties, destruction of equipment and strategic isolation of opposing groups, determined, in the final analysis, the value of sustained airlift invasion. To the umpires, of which there are many and varied, fell the job of evaluation. The group was headed by Chief Umpire Brig. Gen. Gerald J. Higgins, USA.

EXERCISE SWARMER is the largest demonstration of airborne warfare ever held in peacetime. The troops, more than 60,000 in number, including supporting strength, have come from every Army jurisdiction in the United States. Realism, just short of the shooting war variety, was injected into the maneuvers. An "Aggressor" force, complete with spies, a propaganda mill and a uniform all its own, was set up to harass assembling troops and actual combat conditions were simulated.

HUSBAND SAVES WIFE'S LIFE

J. W. Frederici today is thankful that he returned from work on time last Saturday night. Had he been late his wife might be dead today.

The Daly City man opened the door of his home 6725 Mission, at 6:15 p.m. Saturday to smell the sweet, heavy odor of gas. Calling for his wife, he rushed to the back bedroom where he found her sprawled out on the bed, unconscious.

A neighbor called police, and a few minutes later Officers D. A. Wood and Lester Bastedo were giving Mrs. Frederici first aid. They took her to the Junipero Serra hospital in the ambulance where she was treated for carbon-monoxide poisoning.

Hospital authorities today said Mrs. Frederici would recover.

Police found that the gas had come from a leaking heater in the front room. Evidently Mrs. Frederici had fallen asleep and was not aware of the gas which had flooded the home.

Vet Firemen Hold 21st Annual Meet

Marking 21 years of meeting in their headquarters at Santa Barbara and Hillcrest, the Daly City Veterans Firemen Association toasted the future and the past last Thursday evening.

The banquet meeting was presided over by A. J. Bodien who was toastmaster December 20, 1929, when the hall was first opened for the Association. Bodien is the only member now living of the original association which was organized in 1907, and is the oldest active member of the Fire Department.

Paper Plate

During the course of the evening Bodien passed around a paper plate upon which were the names of some 70 firemen who had attended the first banquet 21 years ago. He noted that almost half of the men were no longer connected with the fire department.

"I know this is of great interest to many of you, and I hope it will give you all some incentive to start a historical collection in Daly City," Bodien said.

Historical Collection

The Daly City works superintendent for the past year has been spearheading a movement to collect many items of historical importance to this area. He hopes that in time this collection can be placed in the new Community Center.

In closing the meeting, Bodien thanked Al Sundstrom and his wife for their donation of a turkey.

HOW IT LOOKS FROM A CORNER

By BILL KATZ
(Continued from Page 1)

a few drunkards sought sympathy for their plight, but now there over a few poets popped up and were too many to tell the "lost generation" from the statistics that coldly listed millions who had died in the mud, or in the bombings or brutality in the concentration camps. The real meaning of "world" as applied to war struck home.

Atomic Lull

There was a lull, then, during which time the scientists attempted to educate the masses as to the meaning of the atom and the almost inconceivable theory that men now held in their grasp the theory, if not the actual means, to end all life on earth. But as Hiroshima and the atomic laboratory are as far removed from most men as the cold, soft fear that infiltrates the nervous system when face to face with death, it was easy to shrug off the whole thing as plausible, but hardly possible.

Then a north Korean moved across an enigmatic line. A day later Americans were fighting again, this time an enemy they couldn't tell apart from friends. The soldiers on the field, soon aided by members of the United Nations, knew why they were fighting... they were doing battle to save their lives.

Do We Know?

But did the rest of us know why thousands of Americans, who one day saw the stars and the next were buried in the Korean soil, did the rest of us know why they were fighting? The answer was there... to stop communism. But it was an answer whose facets were as true and yet as false as all wars.

Two weeks ago it made little difference if the answer was right or wrong. The war was almost over, and the rest was up to the historians.

That was two weeks ago. Today, faced with possible defeat in Korea, on the retreat everywhere, it is imperative that the Americans, the world outside the iron curtain, understand and appreciate the meaning of this war.

Simple Answer

To us the answer is simple: as long as Communism insists on spreading via war it is necessary to kill it at its base.
On the other hand, if we, if the men on the other side of the Kremlin walls, had time, patience, the problem might work itself out around the tables of the United Nations. Time can cure many woes, possibly even the aggressive trend of Communism.

As we are not prepared to fight a war to end all wars, morally and materially, we must gamble with time... time to prepare, time to think, time to pray.

Clear Heads

And for the present we must have clear heads. A chess player who loses a queen hasn't lost the battle. It may hurt to be defeated on a vital play, but in the long run the victory may be his who has the patience, the time to gamble with time.

On our side we must play for time and hope that the men on the other side don't take it in their

Pat McCool Lands All-P.A.L. Berth; Wilson, Gallagher, Kliem Are Honored

Jefferson landed four berths on the 1950 All-P.A.L. football team released this week by Peninsula sports writers with the help of the nine coaches.

Pat McCool, an outstanding player all season, was the only first-team Indian selection. He was voted a tackle berth on the league "dream team."

Three other Jefferson seniors were honored on the mythical second team. Co-captain Jack Wilson at end, and Bob Gallagher and Max Kliem, halfbacks, made the second all-star roster.

King Palo Alto dominated the post-season star lineup.

End Merle Flatley made it two years in a row. Big Bob Mc-

Dowell, versatile Viking, was the number one center choice. Bob Pederson, scintillating Paly quarterback, and scooter Jim Farrell, the league's touchdown champion, were other Vikings chosen.

Two breakaway artists, Jimmy Unger of Lincoln and Frank Ronney of San Mateo filled the other backfield posts.

Roy Krickeberg, Lincoln's terrific guard, was teamed with Fred Aurel of Burlingame in the poll.

Tackle Will Briggs of Sequoia and flanker Ray Canziani of South City completed the first eleven.

Flatley, McCool, Krickeberg, McDowell, and the backfield four-some were considered cinch choices.

Wake Up Morning Appetites!

This time of the year, brunch parties on Sundays are wonderful solutions for informal entertaining. Main thing to remember is that people are cheerier if their morning meal is tasty, so set out this favorite fare and the seasonings to make the main dish a hit, salt and Tabasco. Serve individual casseroles of browned hash topped with poached eggs. Either canned hash or the homemade variety, using up left-overs from your weekend roasts, will prove filling and delicious, and the poached eggs give the hash a dress-up touch. Tabasco and salt give the eggs the final fillip for flavor.

Ever Try Tomato Aspic?

Party-looking but one of the simplest of all main dishes to make is EASY TOMATO ASPIC, a delicious result of gel-cookery. Two major ingredients—unflavored gelatine and tomato juice—with spices are all that's needed for these thrifty yet glamorous rings made and varied with this master recipe:

Easy Tomato Aspic

1 envelope unflavored gelatine 1 tablespoon lemon juice
1/2 cup cold tomato juice 1 teaspoon grated onion
1 1/2 cups hot tomato juice 1/4 teaspoon salt

Soften gelatine in cold tomato juice. Add hot tomato juice and stir until gelatine is dissolved. Stir in lemon juice, onion and salt. Pour into 4 individual ring molds or in 1 pint mold. Chill until firm. Unmold on salad greens and fill centers with any of the following fillings. YIELD: 4 servings.

To make 1 quart mold double recipe.

SOCIAL SECURITY

By EDWARD J. FOLEY

In my last article I discussed the "regular" farm worker, and defined the tests of regularity he will have to meet if his cash wages are to count toward old-age and survivors insurance payments under the amended social security law.

Today I want to say something about the kinds of agricultural labor that can count toward social security. In most kinds of farm work the employee has to meet the regularity tests discussed in the last article before his work can count toward social security. In most other work with agricultural products, usually done off the farm, all of the work counts toward social security regardless of the amount of time worked or the wages earned.

Regularity Test

Let's consider the work subject to the regularity test first. Any work in connection with the cultivation or harvesting of crops or the rearing and caring for livestock on a farm in the ordinary meaning of the word can count toward social security. The same kind of work on specialized farms as poultry, wildlife or fur-bearing animal farms, nurseries, greenhouses, truck farms, or orchards can also count toward social security.

Work preparing livestock or harvesting crops for market in an unmanufactured state or delivering them to market comes under social security, if the farmer for whom the employee is working produced more than one-half of the commodity.

In case farm operators jointly prepare and deliver their crops to market or storage, the work can count toward social security if the cooperating farmers produced all of the commodities on which the work is done.

Farm Work

In all of the kinds and types of farm work I have just described, the farm worker must be employed by one farm operator, be paid no less than \$50 cash wages for at least 60 days of work in a calendar quarter, and work for that employer on the continuous basis I defined in my last article before his work can count toward social security.

The agricultural work not subject to the regularity test just mentioned is usually done off the farm. Employees of commercial handlers preparing fruits and vegetables for market, and most employees of farmers' cooperatives will also be covered after January 1. Before that date their work was considered agricultural labor and not covered by social security.

Work in connection with commercial canning or commercial freezing, of course, has been covered for a number of years.

There are two kinds of agricultural work that will not come under social security in January. They are, the ginning of cotton and the production of gum resin, turpentine and other naval stores by the original producer of the crude gum.

So much for farm work under social security. In my next article I shall tell about the amended law as it immediately affects the World War II veteran and survivors of World War II servicemen.

NEW BRAKE LININGS

New brake lining will last longer and give better service if broken in carefully, advises the California State Automobile Association. Newly lined automobile brakes should be applied slowly and easily for the first two or three hundred miles in order to permit braking surfaces to acquire a smooth finish.

NEW DODGE RIDGE SKI SLOPES TO OPEN WINTER SEASON SOON

Pictured above is the new Dodge Ridge Ski Slopes, as visualized by the artist. This winter sports center is located 34 miles above Sonoma and is reached by paved highway direct to the Ski Lodge. Note the 3600-foot twin chair lift in the center of the bowl and the two rope tows at the right. The Lodge, shown at left, faces the bowl and ski slopes and the entire operation may be viewed through the great glass-enclosed front. A huge fireplace and luxurious furnishings on the main floor will add to the comfort of guests. The lower floor will be occupied by a Ski Shop, where rentals and service will be available. The first aid station is also on the ground floor. Ken Floto, nationally known ski expert, is shown at the right. Floto will head a staff of instructors who will conduct daily classes throughout the season, which is expected to officially open about December 15. Because the development at Dodge Ridge is the closest major ski operation to San Joaquin Valley and Bay Areas it is already attracting the particular interest of winter sports enthusiasts in those particular areas.

Vets Warned Not To Approve Side Payments On Home

Veterans Administration today again warned veterans, builders and lenders against the consequences of making or accepting so-called "side payments" in the sale of home properties to veterans with the aid of GI loans.

VA said side payments—usually made for the purpose of evading the prohibition against sales to veterans in excess of appraised "reasonable value"—are a direct violation of law and subject of offenders to possible Federal prosecution.

Warnings

In spite of repeated warnings, VA said cases continue to come to light wherein veterans have been induced to pay the builder or seller an amount over and above the sales price shown on the loan report submitted to VA, and upon which the Government loan

guarantee is based.

Veterans who knowingly conspire to evade the law by making such side payments risk loss of their rights under all veterans' laws, VA warned. In addition, all parties involved are liable to prosecution under Federal law.

VA said that any lender who submits a loan to VA for guaranty while possessing knowledge of a side payment in connection with the sale—even though the payment was made to a third party other than the lender—may be suspended from further participation in the GI loan program. Also, the VA guaranty issued in connection with the transaction may be invalidated.

Reason for Doubt

In cases where there is any reason for doubt, VA suggested that lenders obtain a signed statement from the veteran-purchaser that he is making no payment to anyone in excess of the disclosed purchase price.

FALSE DRIVING SIGNALS

Don't dangle your arm out the window while driving, flick a cigarette, or point out scenery to your passengers, warns the National Automobile Club. Such false arms signals only cause confusion on the highway, and confusion on the highway usually ends in collision.

chase price.

VA said veterans should remember that the provision of the GI Bill, stipulating that the selling price to the veteran may not exceed the appraised reasonable value, was placed in the law for their own protection against overpriced properties.

A veteran who seeks to circumvent this provision by making an illegal side payment is only working against his own best interests, VA added.

CHURCH TRANSPORTATION

An advertisement which appeared in a Jacksonville, Florida, newspaper introduced an idea which is not only arresting but one which might well be put into practice everywhere. The ad read: "The Management and Employees of the Jacksonville Coach Co., composed of men and women of all faiths and creeds working harmoniously together, feel that in these troubled times the greatest single need in the world is prayer."

Beginning Sunday and on every Sunday until further notice anyone boarding the bus between the hours of 8 a.m. and 1 p.m. may ride free on any bus on the City lines by merely saying to the operator, 'I am going to Sunday School or Church,' or 'I have been to Sunday School or Church.' This not only applies to persons attending regular church services but is being done to encourage children to attend Sunday School. The world today is divided into two armed camps. . . We in the United States are thankful that the vast majority of our people are in the camp of God. . ."

NOT OBSOLETE

The U.S. Army reveals that it is putting special emphasis on hand-to-hand fighting and infiltration tactics in training its new recruits. You may recall that in the pre-Korean days we were given to understand from various comments by the top military brass that the era of the foot soldier was virtually a thing of the past. Future wars, if any, were to be more or less of the push-button variety.

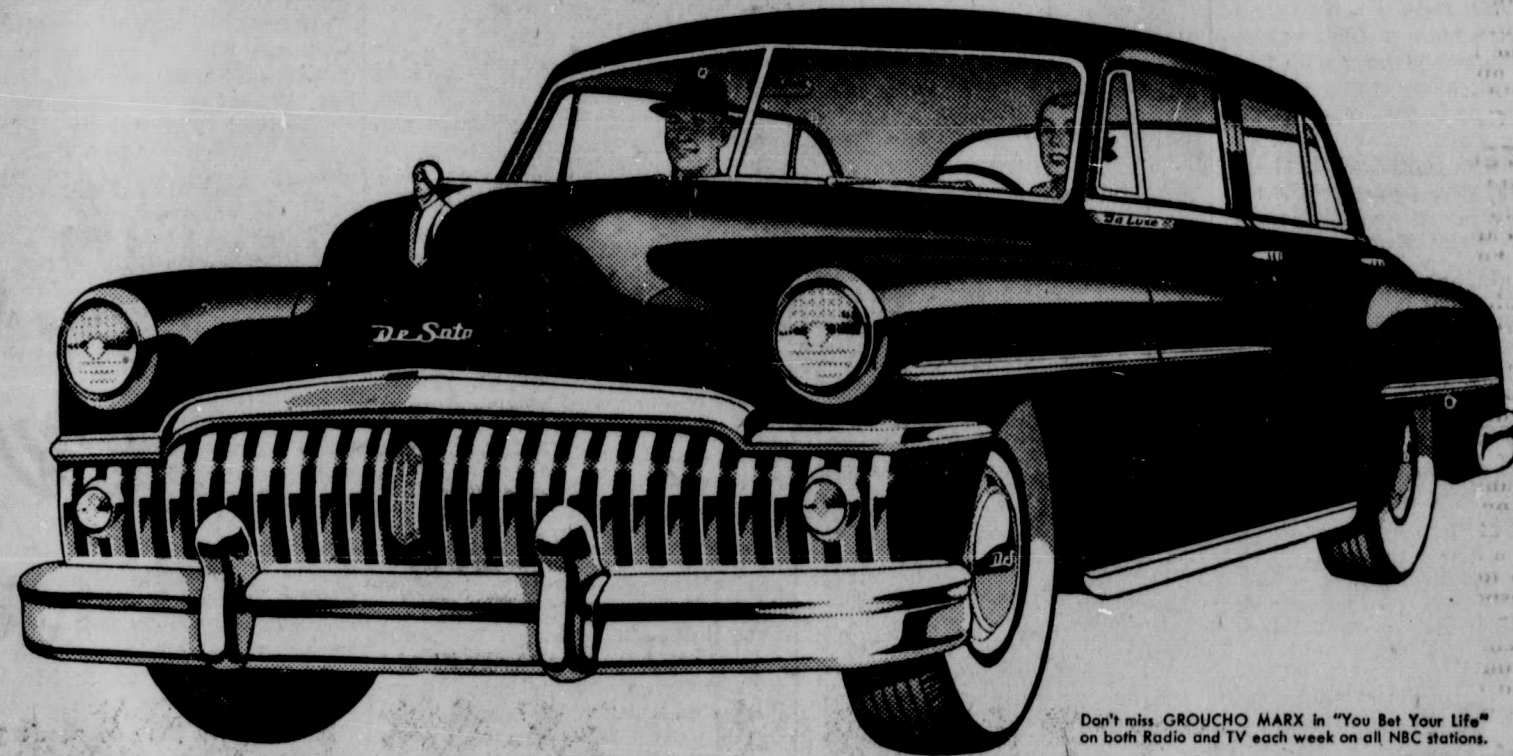

In Korea there are no pushbuttons — but lots of foot soldiers. And the fighting, as the new training methods indicate, is involving more "personal contact" than ever before. Even with complete domination of the air we are finding it very, very hard to prevent the enemy from pushing us into the sea.

The North Koreans are relying entirely on their ground forces. They heavily outnumber us, to be sure, but that just goes to prove that an adequate number of foot soldiers is still the first essential in modern warfare.

NEW SAFEGUARDS

Revolutionaries and other miscellaneous crackpots who might want to take a shot at the nation's chief executive are going to find the protective ring around the Blair House even harder to pierce than did the two Puerto Ricans who went gunning for him a few weeks ago. The new safety measures adopted by the Secret Service are said to be more extensive than those used in wartime. Blair House has been roped off and it is no longer possible for the public to stroll right past the President's front door. A block long street closest to the White House executive offices has also been banned to traffic. In addition to this the government has purchased buildings on either side of Blair House. Although President Truman has probably enjoyed his job about as much as any of his predecessors ever did he probably wishes at times that he might again enjoy the comparative obscurity he had while in the Senate.

Cub Pack No. 36 To Hold Christmas Party Tuesday, December 19

By MRS. E. K. WHINNEN

The meeting of Cub Pack 36 for November 27th, was rather a quiet one as far as activity was concerned.

A cowboy and Indian skit was put on by Den 4, consisting of the gathering singing western songs around the campfire. Cowboys and Indians, revering the usual "bang! bang!" order, were very friendly and shared the same camp fire, with nary a shot fired.

Following the skit a den mother's meeting was called and the boys were shown two movies. As usual this met with enthusiastic approval.

Pack Meet

The Pack meeting of December 5th was graduation and award night. Only boys graduating were given awards. The following boys from Den 16 were given awards: Russell Duckering, Lion gold and silver, Eugene Whinnen, Lion gold, silver and extra silver. Four boys from Den 16 were graduated: Russell Duckering, Eugene Whinnen, Mervin Nestiel, and Angelo Cassini. Each boy was given a framed certificate, made out in attractive script. Den mother, Irene Rosenberg, presented each of her four boys with a pretty little letter package in which was a gift and a little note. The boys were touched, and seemed most reluctant to leave the den.

Den 1 put on a baseball skit showing why they are so good in baseball. A sheet was hung on the stage, the lights turned out, then with a boy on one side pitching and calling the shots and one on the other side catching, an electric light bulb representing the ball curved and zoomed across the back of the sheet in fantastic fashion. Naturally the bulb was lighted, so its course could be followed behind the sheet.

Xmas Party

The Christmas party, to which all families of cubs and recently graduated cubs are invited, will be held December 19th. All children are requested to bring a present for their age group and sex, not to exceed fifty cents. There will be Christmas carols by everyone, and some musical numbers by cubs.

Now a little personal experience as a den mother—my first. Last week, Den Mother, Irene Rosenberg asked if I would take over the meeting for that day, as it was necessary for her to go to the hospital. This was party day, and the boys were to bring cake and have cake and icecream and soft drinks.

Fire Plan

I worked out a beautiful plan for this meeting. We would all meet at the usual time, collect and check off dues, and then high ourselves, en masse, down to the Den Mar Novelty Shop to buy a "get well" card for Den Mother. Then, then up to the Tanforan florists to buy a potted plant for her return, then back to the Den for that cake and icecream.

Came time to call the mothers of the boys to ask them to send extra money with junior for the flower and card, and lo! I didn't know the phone numbers of half of them and after calling two or three people by the same name and asking them if they had a son in Den 16, and being informed they didn't, decided it would be best to let the cubs come to the meeting and then go home and get the extra money. This worked fine. Fortunately those who lived the farthest away were reached by phone, and the others, like good little cubs, went home, got their money, and came back. Every cub was present—then it rained!

Cake Bake

As you probably remember from past articles, the cubs, on party day are supposed to make their own cakes. Usually one half of the cubs make them for one meet-

Emydian Institute Plans Party To Celebrate Xmas

Plans are underway today by members of the Emydian Institute No. 154, YLI, for a Christmas party December 19.

The party is to be given for friends and members of the organization. In keeping with the Christmas spirit there will be gift exchange among the members. The program for the evening is under the supervision of Miss Mary Belli, chairman.

Meanwhile, November 28 the Institute was hostess to Mrs. Helen McQuard, district deputy of District No. 14, San Mateo county, who made her official visit to the Colma Community center.

New Members

Following the ritualistic performance, the Institute welcomed a new group of candidates, including Mesdames: Ruth Eppendip, Dorothy Eppendip, Dorothy Camp, Adele Bianchini, Bernice Smith and Lucille O'Connor.

Past Grand President Mrs. Valda Britschel and Grand Director Miss Ruth Donohue were among the honored guests. Visiting sisters were from Notre Dame Institute, Angela Institute and Saint and Selms Institute.

Chairman Aided

Mrs. Vera Ryan, chairman, was ably assisted on her committee by Mesdames: Norma Allen, Eda Guisti, Iris Latrielle, Alice Curran, Helen Bellulomini and Miss Jean Belli.

Mrs. Margie Demattei left the meeting with a 15 pound turkey. The meeting ended with refreshments served on a table adorned with a golden "horn of plenty" displaying the fruits of the fruits of the harvest season.

BETHEL NO. 198 PLANS QUEENS' NIGHT FRI.

Bethel No. 198, IOJD, will hold their annual queens' dinner this Friday evening beginning at 7:30 p.m. at Luca's Restaurant.

All members are invited to attend.

The occasion for the dinner is to welcome the new queen, Pat Russell, and say farewell to last year's queen, Betty Jean McKee. The other half for the next meeting. At the last minute some of the cubs remembered they were to make cakes. One cub's cake was still in the oven at last reports—that was half way through the meeting. One cub brought a sheet cake with red icing and you never saw anything so fast.

The boys were seated on one side and both ends of a long table and I was on the other side serving. Twelve hands were constantly stretched out toward me with plates and the words, "red cake, please," and the other twelve hands, with paper cups in them and the words, "coke, please," on their lips. I should have been an actup.

Pop Over

In my frantic reaching hither and thither, I managed to tip over one bottle of pop, but righted it quickly so that not more than a cup of coke was spilled, and only a little of that on the rug. Most of it went on the table, but fortunately there was a plastic cover, and only a few cookies in a bag that was lying handy suffered any damage. Of course I used up most of the paper napkins drying it up, but there was enough to go around, and the outstretched hands all waited until they were eventually filled, and the "red cake" was all gone. Yes, we had a wonderful time—I'd do it again.

The potted plant was delivered on time, too, with all cub names properly signed.

Citrus Sodas Good Afternoon Snacks

Rather than eliminate cool after-school refreshment from the youngsters' schedule, be sure they get something good for them—such as nutritious sodas made from Florida's canned citrus products. The small fry shown here are mixing their own thirst quenchers, which hit a high spot on the Vitamin G score. Canned citrus juices are good mixers with ice cream, sparkling water, and come in a variety of delicious flavors—orange, grapefruit, tangerine, and blended orange and grapefruit.

SOCIETY

Mother Cites Rules For Parents Whose Children Are Going Steady

Women of Moose To Hold Xmas Show

Senior Regent Clo. Guerrazzi announced the first December meeting for San Francisco Chapter No. 759, Women of the Moose, will be held Thursday, December 14, at the I.O.O.F. Hall, 8:15 p.m.

In addition to regular business, the evening will feature a "Christmas Gift Shower" for our aged members in Moosehaven. Moosehaven, our home for the aged, is located in Orange Park, Florida; there our elderly members enjoy every privilege of cottage life as though they were living in their own homes.

The Sewing Unit will have its meeting the same day, same place, at twelve o'clock noon.

Verona Via and Zulema Reynolds are in charge of the annual Christmas dinner for all members which will be held at 6:30 p.m., December 28, at the I.O.O.F. Hall. In addition to a delayed visit from Santa Claus, members will be entertained by the Choral Unit.

El Carmelo Parlor Honors Old-Timers

"Old-Timers Night" was the occasion of the second monthly meeting in November of El Carmelo Parlor No. 184, Native Daughters of the Golden West.

Past presidents and members of long standing were honored with a program featured by a Gay Nineties and Roaring Twenties review.

Past President Irene Little presided over the night's activities with the assistance of Merge Baker, Anne Biggio, Ellen Pieri, Dot Linehan, Alice Anderson, Louise Eliason, Emma Schwarz, Irene Morasco, Margaret McDonald, Raye Grondonia, Madeline Koskela, Dot Donofrio, Katie Wright and Helen Meyer.

Main event of the evening was presentation of 25 year pins to Florence Hopman and Marie Arata.

Seven new candidates were initiated during the busy evening. Admitted to membership were Marian Helin, Marian Marshall, Jane Cunco, Mae Baker, Lucille R. Robinson, Hallett Jean Michelsen and Catherine Michelsen.

Dainty sandwiches, salad, and homemade cake and coffee were served to all present.

Nomination and election of officers were held Wednesday by the El Carmelo Parlor. Results are forthcoming.

Next presentation of the group will be December 20, when they stage their "Christmas tree party."

Broadmoor Choir Offers Musical

An event of unusual musical importance will take place at 8:00 o'clock on Sunday evening, December 17, when the choir of the Broadmoor Community Presbyterian Church present their first annual Program of Christmas Music.

Planned as a real music "Christmas Present" to every music lover in the Daly City area, the little concert promises to be an event of charm and real musical worth.

While not large in numbers, the Broadmoor Community Church Choir has often been complimented upon the quality of the individual voice in its ensemble. It also has the benefit of assistance from its Organist-Director, Mrs. John Faust, graduate of the Eastman School of Music at Rochester, New York. And of late weeks the choir has also had the benefit of coaching from the Bay Area's celebrated organist and choir coach, Mr. Walter Kennedy.

Now is the time to mark your calendar and reserve the evening of Sunday, December 17 to enjoy this fine Community musical event.

There is no charge for admission; a free will offering will be taken for the benefit of the Choir Fund. Children and grownups of all faiths are most welcome.

Mrs. Eason To Attend Cancer Meet Monday

Mrs. John Eason, chairman of the north county branch of the San Mateo county branch of the American Cancer Society will attend the regular quarterly meeting when the film "Self Examination of the Breast" will be shown.

The meeting will be held Monday, December 11, at noon at the Hillsborough Racquet club.

Annual Christmas Concert Offered At SF City College

Approximately 150 students of the music department of City College of San Francisco will help get the Christmas holiday season off on a festive note by inviting the public to their 16th annual Christmas Concert. Thursday, Dec. 7, at 8:15 p.m.

The concert will be featured in the college auditorium, Ocean and Phelan Avenues. There is no admission charge.

This year's concert program, which includes familiar and traditional carols, will feature the singing and enactment of "The Night Before Christmas" as arranged by Fred Waring.

Soloists

Soloists include Andrew Stathis, Cynthia Burke, Ruth Paxon, and Eileen Scott. Groups representing the entire music department, under the direction of Flisitta Badger, college opera workshop director, and Meyer Cahn, orchestra conductor, will also take part in the concert, which for sixteen years has helped revive the traditional Christmas spirit.

Candlebearers in the procession are Jeanne Allison, three-year-old daughter of Mr. and Mrs. Dana Allison of Walnut Creek, and William Mitchell, five-year-old son of Mrs. Bernadine Mitchell of Sacramento. They are the neices and nephew respectively of Miss Badger.

First Concert

The first Christmas concert, staged December 1935 in the Galileo High School auditorium, when City College first opened, was exclusively an A Cappella affair.

As the years passed, and other organizations of the college were established, the concert became a firmly implanted phase of the college tradition. In recent years it has reached the status of a college-wide project with more than ten organizations taking part.

Voices Needed For Xmas Choir

All young people interested in taking part in a Christmas choir are asked to be at the Grace Presbyterian Church, Winchester and Crocker at 11 a.m. this Saturday.

At that time the junior high of the Sunday school class will meet for rehearsal of the Christmas program they plan to put on under the direction of Marion Walker. It is hoped that from the choir will come the nucleus of a regular song group to sing throughout the year.

Vallejo Woman Visits Bald Eagle Council

Sister Marcella Rice of Vallejo, Great Pocahontas of the Reservation of California, made an official visit to Bald Eagle Council No. 77, Friday evening, December 1, at the Bald Eagle headquarters, Muir Hall.

Sister Marie Puts, Deputy Great Pocahontas and Grand Keeper of Wampum, introduced the Vallejo officer.

The adoption ceremony was exemplified by the degree team, captained by Sister Eva J. Hartig.

The hall was decorated with holly and Christmas bells and the banquet room was carried out in the same manner. Salad and homemade cake were served.

Sisters Neuman and Hirrel were chairladies of the evening.

Broadmoor Pastor Preaches Last Service Sunday Before Leaving For Japan

Pastor Max Zschiegnier will preach his farewell sermon at the Lutheran Church of Broadmoor this Sunday. Rev. Zschiegnier will visit his home later this month and in January will leave for a mission in Japan.

Services are at 11 a.m. at the Broadmoor Recreation center, White street, just off 87th.

Rev. Zschiegnier has served in this area since the beginning of the Lutheran church in Broadmoor August, 1949.

Although he had hoped to be sent to China where he was born and raised, Rev. Zschiegnier has accepted a call issued by the Board of Foreign Missions, Lutheran Church—Missouri Synod, to serve as a missionary in Japan. He plans to spend a few weeks at his home in Red Buss, Illinois before sailing sometime in the latter half of January.

Services and Sunday School will continue as usual during the vacancy of a pastor. The newly-organized congregation, which serves the Broadmoor-Westlake area, has requested the California-Nevada District of the Church body to call another pastor.

Guest speakers will preach the sermons, until the new man arrives. Members and friends of the Church are encouraged to continue their support of the congregation by their personal interest, and attendance at the services.

Bob Martinelli Chosen To Attend L. A. Game

Bob Martinelli, son of Mr. and Mrs. Laurino Martinelli, 7 E. Market, was in Los Angeles last Saturday to see the big Notre Dame, USC game.

The Colma boy was chosen by his teammates on the Serra High School eleven, along with Tom Healy, to attend the game. The honor was bestowed on the two boys as it was felt they were the most deserving.

NEWLYWEDS OFF FOR THE WARS—Sgt. Philip Rudolph, Marine Corps Reserve, and his bride, Pfc. Pauline Cruickshank, also of the Marine Reserves, are returning to active duty together and in the same outfit.

"It will be easier to spend my time on active duty than to stay at home and wait," said the bride. The Rudolphs, residents of Seattle, Wash., and teachers in the public schools there, were married last June 10. They met a year ago while attending Seattle University. Rudolph was with the Marine Corps 26 months in the Pacific during the last war. Neither is happy over breaking up housekeeping to go to war, but both agreed to the inevitable: "That trouble in Korea is something that would have to be straightened out sooner or later."

Jewish Center To Hold Seniors Dance December 17

Members of the Jewish Community Center, California and Presidio, may bring one guest free to the Dance for Seniors to be held on Sunday, December 17, at 9:00 p.m. to midnight. All Center dances are free to service personnel.

The dance is a highlight of Member's Free Guest Day, held on the 17th of every month. On that day, members may bring one guest free to all Center activities. Each guest must be accompanied by a member and is entitled to the same membership privileges as his host.

Members may also bring guests free on Sunday, December 17, to the many activities in the Center's activities. Each guest must be accompanied by a member and is entitled to the same membership privileges as his host.

Members may also bring guests free on Sunday, December 17, to the many activities in the Center's health program. Activities scheduled from 10:30 to 3:00 p.m. are coed swimming, badminton, handball, squash, ping pong, exercise rooms, steam rooms, and showers.

NEW ARRIVALS

To the wife of Albert P. Pelizzari, 171 E. Vista street, November 23, a daughter.

To the wife of Joseph N. Barros, 17 E. Cavour, November 26, a daughter.

To the wife of Mackie F. Carroll, 277 Los Banos, November 23, a son.

Mr. and Mrs. Martinelli Are New Grandparents

Getting used to the prefix "grandparents" today are Mr. and Mrs. Laurino Martinelli of 7 E. Market street.

Mrs. Martinelli reports son Lorcin, with the assistance of his wife, is now the proud father of a 6 pound, 5 ounce girl. The baby was born at 3:50 a.m. Wednesday in a Madera hospital.

Wasting no time, the parents named their first child Lorraine Ann.

Although Lorrin, a graduate of Jefferson High school, won't be around Daly City to pass out cigars rumor has it that the grandparents are doing pretty well in this department.

YOUR DALY CITY GARDEN CLUB NEWS

By ELSIE M. GARRISON

A two car family with only one car, means that one member gets around mainly on foot, and while the waistline does not seem to indicate that the change has any beneficial feature, it is undeniable that I have seen more of our town at close quarters than ever before. When the car was completely at my disposal, I was going from one place to the other so quickly that I did not see some of the things that have taken my eye lately.

For one thing, residents who must walk up or down the first block of Hillside Blvd., where it intersects Mission street, are constantly hazzarded by the precipitous cliffs of rock, which in rainy weather, and sometimes fall, disgorge huge quantities of gravel, clay and boulders. The walk itself, while recently curbed by the city, is once again encroached with mud and gravel as the hilly slope has taken over, and no little hardship is endured by mothers wheeling baby buggies or strollers, to say nothing of the havoc it plays with shoes.

Picture Change
This picture could and should be changed. It would be too bad indeed if it took an accident to change it. What amounts to little better than a cow-path has no place in the heart of a thriving and modern little city. But what is more important than the look of it, is the ever present danger which is aggravated even more by the irrespressible junior Roy Roger's and Hopalong's. I feel sure that the owner would co-operate in a plan which would not only minimize his liability in the matter, but would make a beauty spot of this "problem" frontage.

The strategic use of a bull-dozer could contour and shove back the slope so as to provide a decent sidewalk allowance, more necessary than ever, since parking meters, which are now being installed, will guarantee cars parked in close proximity all along the block. Can you visualize what will happen when a north-bound buggy and a south-bound buggy meet on that narrow allowance, with no sizeable gap in which to take to the roadway? Shades of helicopters!

Basic Job
When that basic job is done, a

fence could be installed, or even a clay rock wall could be built, using material at hand, and perhaps the Boy's Club or Scouts could this a project which would stand to their credit. Landscaping and planting on the remaining slope could be undertaken by other groups, and the possibilities are limitless, towards making this truly a beautiful site. Ice-plant and rock garden varieties as well as shrubs and small trees would do the job.

This is a challenge to the community as a whole. No one person can do it alone. Motivated by good-will it can be done. Left as it is, it will be a sorry approach to our new Community Building, which is located one block up this trail.

New Bulletin

The new Bulletin which has been circulated among the Garden Club members was a surprise and delight to most of us, who did not expect such an ambitious issue. In Holiday decor, it contained a feature by Shirl Mollette—Garden hints and new of general interest to gardeners and a bulletin of events to come. The advertising was handled through Mr. Yahn, who can almost guarantee results.

The average gardener, and the average citizen for that matter, is troubled by the war news, and angered and frustrated by our helplessness. We have lost some of our own boys, and it hurts—and makes the heart heavy. The one thing I can prescribe to lighten the load somewhat is to call the San Mateo Blood Bank for an appointment—hop on a south-bound Greyhound on Mission street, and half hour later get off at Baldwin street, San Mateo, and to the rear of the Mills Hospital where they will painlessly take one pint of your blood and speed it on its way overseas. Just be sure not to eat four previously. Black coffee for breakfast (no cream) is all right. You will be home again before you know it—you will feel better, and you will see a gorgeous display of autumn leaves, as nature has turned so many of the trees. . . . Don't put it off. . . . Do it today. It might save a life!

WESTLAKE WHIRL

by Marian Christians

PLaza 5-0946

(Ed. Note: See page 1 for complete story on the Westlake Improvement Association's annual meeting.)

All Westlake children (and their parents) were invited today to take part in the Westlake Improvement Association's Christmas party to be held Sunday, December 17, at Jefferson High school.

The party will get underway at 2 p.m. and gives parents plenty of time to sleep in late Sunday morning and prepare the youngsters for the big afternoon.

In addition to Santa Claus, the Association has arranged a full program of entertainment from dancing to singing of Christmas carols. There also will be several short films.

At the conclusion of the regular program, Santa will speak to each child and hand out small gifts. This will be followed by refreshments suited for the Yule season.

Martin Christians, who was 3 on November 29, and Stephanie Le Tourneau, who was 3 on December 3, celebrated with a joint birthday party Saturday, December 2. Ice cream and two birthday cakes were the main events for the 3-year-olds and their guests.

The guests included: Terry Ann,

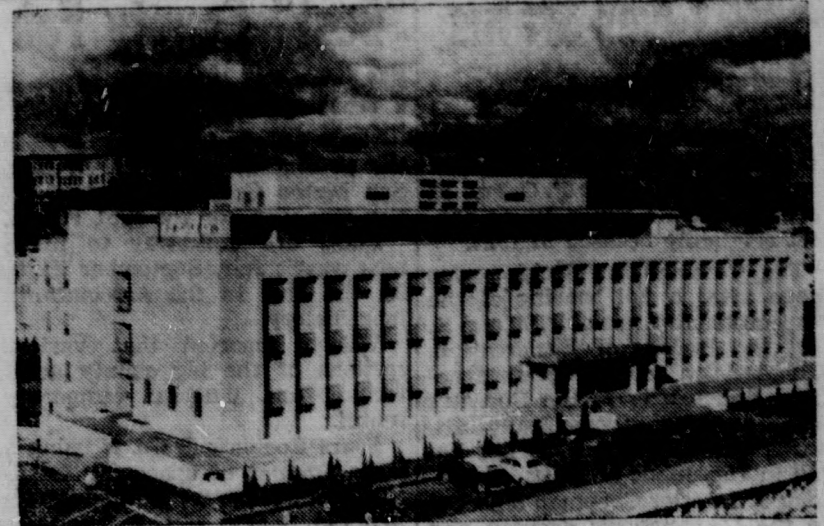

Sandy and Steven Leland, Michelle and Frank Gromm, Bruce Jacoby, Lee Bowman, Lester and Rene Le-Tourneau.

Through rain and storm they came . . . 30 strong to attend the birthday party of Barbara Ann Verducci given by her parents Mr. and Mrs. Frank Verducci at their home, 70 Westlake, last Saturday, December 2.

Although Barbara wasn't 7-years-old until December 5, it was felt by her parents that Saturday was a better day for a birthday party. And they weren't disappointed. In fact 30 of the 31 invited guests came, including their mothers.

Barbara today said the party was a great success, due in no small part to the refreshments and variety of games.

Drinking what he thought to be a sweet, candy fluid, 2-year-old Frank Knowlton, 34 N. Mayfair, ended up in Junipero Serra hospital Tuesday afternoon. The doctor went to work with a stomach pump on young Frank and saved him from any real injury. Seems the bottle the young boy had taken for candy contained a quantity of Airwick.

THE UNIVERSITY OF SAN FRANCISCO'S \$1,200,000 Richard A. Gleeson Library was dedicated formally at a public ceremony on the campus, Sunday afternoon, December 3, at 3 p.m. Described as a "milestone in the history of one of the West's oldest universities," completion of the library marks the first step in an extensive \$15,000,000 building program planned by the university.

VILLAGE NOTES

BROADMOOR, GARDEN VILLAGE, COLMA

by Mrs. Mark Swoverland

PLaza 5-4158

Stoneyford Drive
Mr. and Mrs. William E. Souza celebrated their fortieth anniversary on December 7. At the same time, their son Norman celebrated his twenty-third birthday. Mr. and Mrs. Souza are the parents of twelve children, six of whom served in World War II. One son, Edward, was lost at that time. Three sons are now in the Armed Forces. Celebrating with the Souzas were their children Earnest, George, William Jr., Frances, Madeline, Isabel, Anita, and Norman. John and Robert, who are in the Navy and other son, Raymond, of the Army, were unable to attend.

Maddux
William Proctor has been called back in the Navy. He is on duty in Japan. Mrs. Dolores Holmer has her mother from Pasadena as a visitor the past week.

Sweetwood Drive
Mr. and Mrs. Harold Frank are the proud parents of a seven and one half pound daughter. She has been named Nancy Jane and was born November 30 at the Stanford Hospital.

Wildwood
Mrs. Richard Cress gave a canasta party Thursday evening for the women in her neighborhood. Those in attendance were Jean Proctor, Marion Politis, Fleeta Lagoria, Irene Park, Amparo Arejola, Mary Contreras and Betty Hort.

Colma
Mrs. Ralph Loftin is taking a month off to prepare for their move to a new home in San Mateo. Cynthia Jean Hopper spent Monday visiting with Mr. and Mrs. H. H. Hix.

Thornhill
Mr. Oscar Nurse is confined to his home with a broken ankle.

Crocker PTA Christmas Party Slated December 12
C Crocker PTA will hold its annual Christmas party Tuesday, December 12, at the Crocker school library, it was announced today.

All members of the PTA are cordially invited to attend the affair which will get underway at 1 p.m. The principal attraction of the afternoon will be a variety of Christmas songs by the school choir. The choir is to be under the direction of Mrs. Muriel Vint, music supervisor for the Jefferson elementary school district. Mrs. Vint has been working for many weeks preparing the program, and she is certain it will please everyone.

Refreshments
Following the song fest, refreshments will be served by Mrs. W. M. Hobbs and Mrs. Olga Bordson. Another facet of the meeting is collection of canned foods that the PTA is now sponsoring. These foods are to be sent to needy families during the Yule season.

Meanwhile, still another Christmas party is to be held December 19 when the board of directors meets at the home of Mrs. Hobbs, 8 Risel street, at 1 o'clock. This will be a potluck affair, and although a board meeting, will be open to all PTA members.

The PTA also has decorated a Christmas tree at Crocker school for the benefit of the children.

Holy Names Society Sponsors Breakfast
Fathers of the Holy Name Society will play host to their sons at a breakfast of sausages and eggs in the school cafeteria of Our Lady of Perpetual Help School, after the 8 a.m. Mass, December 10.

The breakfast will be served by Mrs. Milton C. Weckerle and her committee consisting of Mesdames R. J. Ennis, C. McDougal, L. Thibaut, Dorothy Etewart, Alma Parmasano, Edna Bonini and Marina Ciabattari.

Following the breakfast will be a movie of the Oregon, St. Mary's football game. By all reports of the president, Richard J. Ennis, a gala time is promised to all who attend, so fathers, bring out the sons.

NEWS FROM THE SCHOOLS

CROCKER

The Eighth Grade of Room 5, a.m. session, have learned that the cheetah, a member of the cat family, has been clocked at 70 miles per hour, making it the fastest four legged animal.

They have also learned that there are rumors from Australia that there is a 10 foot "guinea pig." Scientists say it may be a Diprotodon, long thought extinct.

Seventh Grade
This grade has just completed an interesting unit on China. This was especially interesting due to the present world situation. This background was helpful in understanding current events as presented in the student's weekly newspaper.

Plans are also being made for a class Christmas party to be held on the last day of school.

Sixth Grade
The sixth grades are working very hard on the parts of speech. They have studied nouns, pronouns, verbs, adjectives, and adverbs. They have just begun the study of prepositions. They have also begun the study of subjects and predicates.

In arithmetic they are learning the multiplication of decimals.

Fifth Grade
This class has been busy with Christmas decorations. They have made a composite picture for the hall bulletin board showing one of Santa's helpers decorating a Christmas tree. Under the tree are loads of presents.

In the study of early Colonial life they have completed work on methods of preparing and serving foods. Next will come the study of clothing of this period, its style and preparation of materials.

Christmas Spirit

The spirit of Christmas is evidenced throughout the Crocker halls and rooms. The halls have been decorated, as well as the rooms in various holiday themes, from the spiritual proverbial angel and choir boys, stained glass windows, to the festive and gay old St. Nick, his reindeer, sled, and snow men. The administrative office of the school has an effective setting of choir boys against organ pipes for a background. These arrangements and pipes were made by Room 1, 8th grade, a.m. session. Residents, friends and parents, are invited to visit the school any time this week to see the decorations most of which were made and arranged by students from the individual classrooms.

To literally participate in the Christmas spirit the student body is bringing to school, at the request of the PTA, canned foods and staples to fill Christmas baskets for the needy and less fortunate of the Jefferson Elementary School District.

Post Office Wants To Rent Trucks

Postmaster John F. Fixa today announced that the San Francisco Post Office is in serious need of rented motor vehicle equipment to handle the Christmas mails this season.

Approximately 100 trucks of from 200 to 400 cubic foot capacity, and 75 trucks of over 400 cubic foot capacity in good condition and affording proper protection to the mails from the weather must be rented. Van-type trucks are preferred.

Bid forms on which to submit proposals may be obtained at the U. S. Post Office Garage, 612 Bryant Street, near Fourth Street. Bids will close at 2:00 p.m., on Monday, December 11, 1950.

Additional information may be had by calling MA 1-2500, extension 2319.

"Tours of Discovery" Booklet Issued On SF

A new, revised edition of "Tours of Discovery" has just been issued by the Municipal Railway in San Francisco.

The booklet describes scores of San Francisco's interesting and scenic attractions and tells how to reach them easily and economically over the various street car, bus and trolley coach lines.

Copies are available free at most leading hotels, at The Emporium, Hale's, Penney's, the Market and Powell street Owl Drugstore, and the Information Desk at the City Hall.

Coastside C. of C. Forms "Good Govern'm't" Group

Leave it to the chamber of commerce, they always try to get things done.

In Half Moon Bay, the Coastside Chamber of Commerce has organized a "good government group" to investigate problems of governmental administration in that locality. They subsequently will report their findings to the parent body.

Members appointed to the good government group are Nick De-Meo, Ellis Benson and Al Holgerson.

The police district problem is the first project they will tackle.

Name Judges For Westlake Contest

The three judges who will award \$350 in prizes to the best Westlake home decorated for Christmas were named by the Westlake Improvement Association today.

Each of the judges was chosen because he or she does not live in Westlake and still is known for skill in such matters. The judges are: Mrs. Helen Cheatham, members of the Jefferson elementary school board; Police Chief W. W. Sunderland; Fire Chief Elmer Kennedy.

The judges will award the prizes on the basis of originality and interpretation of the Christmas spirit.

Grand prize in the contest will be \$100 with \$75 and \$50 going as second and third prize respectively. There will be numerous other merchandise prizes.

CCPT Meeting Slated Monday

A featured surprise will mark the meeting of Seventeenth District California Congress of Parents and Teachers in Brisbane Elementary school on Monday, December 11, at 10 a.m.

The half-day session will combine regular and executive business to be conducted by Mrs. G. J. Sirex of San Carlos, district president.

Brisbane school has offered luncheon hospitality for those who can remain after 12:30 o'clock. Reservations should be made by Friday, December 8, to the district chairman—Mrs. Erwin Schmidt of Daly City, Mrs. Roy Jaeger of San Mateo, or Mrs. Charles Byram of Redwood City.

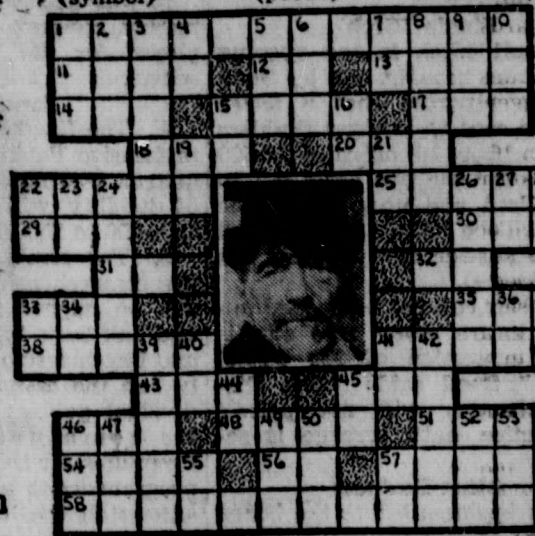

On the agenda general department information will be considered, and entertainment will be by Brisbane students. Miss Natalie Lipman of Burlingame, auditor for the district, is to greet members as superintendent of

Welcome New Church Members

At the 11 a.m. Divine Worship Service this Sunday, the Rev. Robert G. Kenzelman, B.D., will receive into communicant membership of the church several new members.

Mrs. John Worthington, teacher at Commodore Sloat School, and member of the church, is in charge of the Christmas program for this year.

Cub Scouts, under the leadership of Steve Gaal, will have its annual Christmas party Tuesday, Dec. 12, at the church.

Sunday School, as usual, every Sunday morning at 9:45 under the

Xmas Vacation Begins For College Dec. 8

Five thousand students enrolled at City College will begin a Christmas vacation on Friday, December 8, to return to classes on Tuesday, January 2, 1951, according to an announcement made yesterday by Dr. Louis G. Conlan, president.

Applications for enrollment in the Spring term which begins on February 2, 1951, are now being received by the Registrar's office on the West campus adjacent to Balboa Park.

supervision of Mr. Enfried Benson, precedes the morning worship hour at 11 a.m. Evening services are informal, and are held every Sunday at 7:30 p.m.

IN LOVING MEMORY Of My Beloved Husband PETER DORMOY Who passed away December 10, 1948.

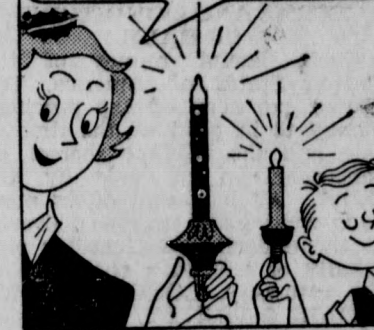

God knows how much I miss him
Never shall his memory fade,
Loving thoughts shall ever wander
To the spot where he is laid.

—Wife and Sisters

"Our block is really Christmas bright this year!"

We agreed with friends next door: Let's put up gay lights galore. Turn them on at dark each night. Make our block look Christmas bright!

Wreaths and angels! Santas! Stars! Candles! Reindeer! Those were ours. Neighbors lighted trees and doors. Rooftops, windows by the scores.

Funny thing how Christmas lights sorta make a home look right. Try it folks, it's lots of fun. MERRY CHRISTMAS TO EVERYONE!

Join Your Neighbors! Make Your Home Say Merry Christmas With Light: It's easy, it's fun, you can do it yourself! Just a few dollars buys what you need for a start. And this year there is more exciting new outdoor equipment available than ever before. Your dealer has **Free Books** on Christmas lighting showing many wonderful ways to decorate your home indoors and out. Ask for them. Or write directly to the Outdoor Christmas Tree Association of California, 1355 Market St., San Francisco, for ideas. Here in California we enjoy this American tradition of Christmas lighting, decorating our homes inside and out, spreading Yuletide cheer at very little cost . . . because P. G. and E. rates are among the lowest in the nation.

DISTRICT ATTORNEY'S OFFICE TO SET PUBLIC HEARING DATE ON BROADMOOR WESTLAKE CONNECTING STREET

The date for the public hearing on connecting street between Broadmoor and Westlake is to be set sometime this month by the district attorney's office, the Jefferson elementary school board reported today.

A letter requesting the district attorney to set the date for the hearing was sent by the board November 14.

This was brought out at the regular meeting of the school board last Thursday.

Another matter of equal interest to Westlake and Broadmoor was the report by Superintendent of Schools James Snell that bids for the new Westlake school will be opened at 8 p.m. Thursday, December 14.

Single Hitch

The only hitch in the opening of bids was brought out by Snell when he reported that a letter had been sent to Doelger Builders on November 16 offering \$6,500 per acre for the two acres yet to be acquired and upon which the school will be built. So far, Snell said, no answer to the letter has been received.

"The bids can not be opened until the entire seven acre site is in the possession of the school district," Snell said. "The District Attorney will not permit construction until acreage is secured."

Other Business

Other business before the board included:

1. The same sick leave plan as in effect for teachers was adopted for all regular non-certificated employees. This plan includes 10 days sick leave each year cumulative to 40 days in four years.

2. Snell was authorized to survey the needs of the district for furniture and call for bids on same.

3. A petition was read requesting a full time principal for Woodrow Wilson school. A discussion followed in which it was brought out that no policy has ever been set in the district concerning the duties of the building principals and that the problem is a district wide one and is closely allied with the financial set up.

It was decided that as a temporary measure a clerk be employed for the Woodrow Wilson school.

Insurance

4. The fire insurance and comprehensive liability policy for the district was noted, and the limits of liability will be raised from \$300,000 to \$500,000.

5. The combined premium for the comprehensive liability policy will be assigned jointly on a half and half basis to agent Markovich and Lagomarsino as they previously had the assignment of the individual policies now covered in the combined comprehensive. Premiums for the entire insurance program are to be spread equitably among all the local agents whom the district has as local carriers.

County Trio To Discuss Changes

Three San Mateo County Supervisors will see to it that their county is well spoken for in state legislature plans for reapportionment of all assembly and congressional districts in the state.

Notified early this week that the solons in Sacramento plan to make a few changes in reapportionment in January, the Board of Supervisors named Martin A. Poss of San Mateo, Edward R. McDonald of Burlingame, and William M. Werder of Redwood City to represent San Mateo County.

The trio will discuss the county's share in the reapportionment with Assemblyman Richard J. Dolwig and State Senator Harry L. Parkman.

AN undivided one-fourth interest in and to that certain real property situated in the County of San Mateo, State of California, and more particularly described as follows, to-wit:

BEGINNING at the Northeast corner of "Tract No. 589, Palo Alto Gardens, San Mateo County, Calif." as shown on a map filed in the office of the Recorder of San Mateo County, California, in Book 28 of Maps at pages 26, 27 & 28, said point lying North 88° 27' East 383.00 feet from the center line of Pulgas Avenue; thence from said point of beginning South 1° 24' East 1610.92 feet, South 31° 00' East 207.74 feet, South 64° 50' East 654.16 feet, South 42° 10' East 379.68 feet, and South 2° 20' East 397.00 feet along the Eastern and Northeastly lines of said Tract No. 589 to the Northernly line of the lands conveyed by instrument recorded in Book 1951 of Official Records of San Mateo County at page 466; thence North 87° 40' East along the last mentioned line 571.24 feet to the Northeastly line of the Pulgas Rancho; thence North 13° 15' West along the last mentioned line 341.62 feet; thence leaving said Rancho line and running North 89° 33' 10" West 263.97 feet; thence North 10° 09' West 51.40 feet; thence North 21° 10' West 142.14 feet; thence North 32° 45' West 40.14 feet; thence North 0° 22' 56" East 25.00 feet; thence North 86° 40' 04" West 125 feet; thence North 64° 50' West 50 feet; thence South 25° 10' West 11.95 feet; thence North 64° 50' West 320 feet; thence North 40° 23' 20" West 24.17 feet; thence North 64° 50' West 130 feet; thence North 49° 06' 50" West 76.13 feet; thence North 13° 15' West 81.91 feet; thence North 1° 24' West 310 feet; thence South 88° 36' West 25 feet; thence North 1° 24' West 85 feet; thence North 49° 56' 25" East 32.02 feet; thence North 1° 24' West 835 feet; thence South 88° 36' West 33 feet; thence North 1° 24' West 140 feet; thence South 88° 36' West 101.44 feet; thence North 88° 27' West 200.00 feet to the point of beginning.

There will be a District PTA meeting in Brisbane on Dec. 11, at 10 a.m., at the school house. All interested parties are cordially invited.

PACK MEETING

There will be a pack meeting for the Cubs at the School auditorium on Dec. 15, at 1 p.m. Refreshments will be sold, and the money will go into the Cubs treasury to provide refreshment treats for the boys on hikes, etc. Parents please attend, give your boys a boost, and fling away a dime or so.

Our Ladies Fire Auxiliary elected their new officers last Tuesday night, and they read as follows: Dorothy King is the new President, Alene Murphy Vice-President, and Viola Beckel is Secretary. Their Xmas party was held after the business meeting, and gifts were exchanged and secret pals unveiled.

Lake Tahoe is 23 miles long and 13 miles wide, fed by streams from perpetual snowbanks.

County Plans Mutual Defense

Linking with other counties and the state, San Mateo county Wednesday pledged mutual assistance to its neighbors in case of flood, fire, earthquake, war or major sabotage.

The pledge was made by the County Board of Supervisors. Details of the plan are to be worked out at a series of organizational meetings to be conducted by the board of supervisors.

The second in the series of such meetings, to discuss civilian defense, will be held tonight in Redwood City. Daly City, as well as other communities in the county, will be represented.

The agreement to be worked out requires the county develop a plan for the effective mobilization of its resources, public and private, to meet disaster.

TERMS AND CONDITIONS OF SALE

Cash, lawful money of the United States of America, Ten (10%) per cent of the purchase money to be paid at the time of sale and the balance thereof on consummation of sale by the Court. All bids and offers must be in writing and may be delivered to the undersigned Guardian personally or left with the office of her attorneys, COSGROVE, MOLINARI & TINNEY, 2811 Mission Street, San Francisco 10, California, or may be filed in the office of the Clerk in the above entitled Court at any time after the publication of this Notice and before the time of sale.

DATED: San Francisco, California, this 14th day of November, 1950.

ANNE V. COSGROVE, Guardian of the Estates of MALCOLM S. KOHN, A Minor.

COSGROVE, MOLINARI & TINNEY, Attorneys for Guardian, 2811 Mission Street, San Francisco 10, California. (11/23/30; 12/7, 1950).

PG&E Gives Status Kings River Work

The Federal Power Commission on November 10, 1949, authorized issuance of licenses to P. G. and E. to complete its Kings River project originally licensed in 1922.

The Commission's decision was made after a full hearing of the respective proposals of P. G. and E. and the Bureau of Reclamation. The decision said there were serious deficiencies in the Bureau's plan, found it economically unsound and repeated it as not being in the public interest. Secretary of Interior Chapman objected to the Commission's decision and demanded a rehearing. The Commission acceded and a rehearing was held on March 21, 1950. The Secretary himself argued the Bureau's case. No new evidence was presented in support of the Bureau's proposal. The Commission took the matter under submission, where it remains still.

Meanwhile Congressman Cecil F. White, of Fresno, and Congresswoman Helen Gahagan Douglas, of Los Angeles, introduced identical bills in the House seeking a Congressional Act to authorize the Bureau's King River plan. Passage of the White-Douglas bills would remove the matter from the provisions of the Federal Power Act and thereby from the Commission's purview.

At hearings on the White-

ORDER FOR PUBLICATION OF CITATION

No. 52985

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Adoption of TIMOTHY JAMES BLACK also known as TIMOTHY JAMES ANDERSON, Minor person.

Upon reading and filing of the Affidavit of Brunswick Scholars for an Order for Publication of a Citation under Section 224, Civil Code of the State of California, and it appearing that the foregoing case is a proper one for the constructive service of Citation in accordance with said Code Section, and it further appearing that Daly City Record is a newspaper published in the County of San Mateo, State of California, and that said newspaper is one which should be named and designated as that most likely to give notice to the natural father of the said Timothy James Black, also known as Timothy James Anderson, and it further appearing that there is no known address for the said natural father of said child.

IT IS HEREBY ORDERED, ADJUDGED AND DECREED that the said petitioner is authorized and directed to publish the Citation in the above entitled matter in the Daly City Record once a week for a period of eight successive weeks from and after the signing of this Order.

Done In Open Court this 13 day of October, 1950.

EDMUND SCOTT, Judge of the Superior Court. (Endorsed) FILED October 13, 1950. W. H. AUGUSTUS, Clerk By ANNA MAES, Deputy Clerk SCOTFIELD, HANSON & SCHOLARS.

Attorneys at Law 1704 Central Tower, San Francisco, California Exbrook 2-8300 (Pub. Oct. 19, 26; Nov. 2, 9, 16, 23, 30; Dec. 7, 14, 1950.)

"Best" County Fair Planned Next Year

"Best county fair in history" is the prediction of W. M. Wilson, San Mateo County Fair Association manager, for the 1951 Fiesta. Plans are underway to make next year's fair, September 21 to 29, the best in the Association's long history.

Wilson reported that various sections of the big county auditorium are under temporary rental.

Sears Roebuck & Co. is using a large amount of space for furniture and equipment storage for its new San Mateo store. It also is maintaining temporary offices in the auditorium.

Other space in the building has been taken by the San Mateo Post Office for mail distribution during the holiday season, Wilson indicated.

Douglas bills before the reclamation sub-committee of the House Public Lands Committee, a delegation of irrigation district directors, elected to handle the water affairs of Kings River basin farmers, strenuously opposed the bills. Mr. White's support of Bureau development of the Kings River was the primary issue in his campaign for reelection in his district which embraces most of the Kings River area. He was defeated by Republican Oakley Hunter. The issue also was a major point in Mrs. Douglas' unsuccessful campaign for the U. S. Senate.

No. 53035
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo, and the Complaint filed in the office of the Clerk in said County.

LARGHETTA MASINI, Plaintiff,

vs.

CITY OF DALY CITY, a municipal corporation, and all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto.

Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

CITY OF DALY CITY, a municipal corporation, and all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto.

Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service of this summons on you— if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

The object of this action is to make said defendants above mentioned set forth the nature of their claims or claim to the said real property in said complaint, and hereinafter described, if any they have, and that such claims or claim be adjudged to be without right, and that it be determined that said defendants, and each of them, have or has, no right, title, estate, lien or interest in said property, and that plaintiff's title to said real property, and the whole thereof, be quieted against each and all of said defendants, known or unknown.

The said real property consisting of all that certain piece of real property lying and being in the County of San Mateo, State of California, more particularly described as follows to-wit:

That portion of East Moltke Street beginning at the Southwesterly corner of Lot 4, Block 24, as such lot and block are shown on that certain map entitled "Map of the Land of the Abbey Homestead Association," filed in the office of the County Recorder of San Mateo County in Book B of Maps at page 43; thence from said point of beginning N. 87° 41' 30" E. along the southerly boundary line of said Lot 4, 97.78 feet to a point, said last mentioned point being distant westerly thereon 2.22 feet from the Southerly corner of said lot; thence Westerly and Southwesterly on the arc of a curve to the left having a radius of 129.06 feet and tangent to the last mentioned line at the last mentioned point 52.99 feet to a point; thence Southwesterly on the arc of a curve to the right having a radius of 125.00 feet and tangent to the last mentioned curve at the last mentioned point, 39.57 feet to a point on the Westerly boundary line of said Lot 4 produced Southerly; thence N. 2° 16' 00" W. along the last mentioned boundary line produced, 27.84 feet to the point of beginning, CONTAINING 1137 square feet, more or less, and being a portion of East Moltke Street as shown on the above described map.

WITNESS MY HAND AND THE SEAL OF THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO, This 25th day of October, 1950.

Bazaar, Dinner Offered Dec. 13th

A combination bazaar and dinner will be given Wednesday, December 13, by the congregation of the Grace Presbyterian church.

The dinner and bazaar are to be held in the new parish hall at Winchester and Crocker streets. This will be the first such event since the new church building was opened three weeks ago.

On sale at the bazaar, which will be held from 10 a.m. to 8 p.m., will be such items as aprons, hand sewn articles and various dishes to grace any hungry man's table. This is an ideal place to purchase that Christmas gift.

The dinner will be held from 5 p.m. to 8 p.m., and Mrs. Henry Adams, chairman for the event, promises enough variety in the food to please even the gentlemen with ulcers.

The public is cordially invited to attend both the bazaar and dinner.

Bethel No. 198 Mothers Club To Meet Dec. 12

A Christmas party and election will be the order of business at the regular meeting of the Mothers Club of Bethel No. 198, IOJD, December 12.

The meeting will get underway at 12:30 p.m. at 1068 Huron street.

All members are asked to attend as this will be one of the more important meetings of the year.

Hostesses for the meeting will include Mesdames: L. Bertelli, A. Stevens and M. Sorensen.

OBITUARY

Mrs. Eva Harrington

Requiem high mass was celebrated at Our Lady of Perpetual Help church Monday for Mrs. Eva Harrington, 37, 639 San Diego avenue.

Mrs. Harrington died Friday at Community Hospital. She is survived by her husband, Patrick; a daughter, Patricia; four sisters, Ann Johnson, Helen Hawk, Elizabeth Verdict and Jule Thompson; and three brothers, Frank Kralick, Edward Kralick and William Oberster of Colorado.

Funeral services were conducted from the Driscoll-Lockhart Mortuary chapel. Interment was at Holy Cross cemetery.

Louisa Silbernagel

Louisa Silbernagel, 91, a resident of Daly City for 35 years and a native of Germany, died Monday in Mary's Help hospital, San Francisco, after a long illness.

Her home was at 436 Santa Barbara avenue.

She was a member of Edelmut Lodge, 13, Order of Hermanson Sisters.

Mrs. Silbernagel is survived by her husband, John, and three children, Mrs. Louisa Reeves, Mrs. Ida Thraves and Edward Silbernagel.

She also was the mother of the late Rose V. Johnson, had eight grandchildren and five great grandchildren.

Services were conducted Wednesday afternoon from W. C. Lasswell & Company. Interment followed at Olivet Memorial Park.

"Messiah" To Be Given At Oakland This Sunday

The second performance of the "Messiah" will be given by the San Francisco Oratorio Society Sunday, December 10, at 7:30 p.m.

Place of the concert is the Taylor Memorial Methodist Church, 12th and Magnolia streets, Oakland.

Daly City residents may take the "A" train to 12th and Adeline streets and walk one block. By car, leave the Bay Bridge by the "Alameda" ramp and drive down 12th street.

THE FIGHT FOR TRUTH

With General Eisenhower's stirring appeal to the American people to fight for the truth the Crusade for Freedom has been launched on a nationwide scale.

The aim of the crusade is, of course, to nail down the Communist lies with the hammer blows of truth. Realizing that we have been indifferent to much of the propaganda which has poisoned the minds of millions against us the many patriotic citizens sponsoring the crusade see the necessity of augmenting the efforts now being made by our Government in countering the falsities daily broadcast by Moscow.

One of the activities of the crusade will be Radio Free Europe which reaches behind the iron curtain through its constantly changing wave lengths. This operation is not one of government but of citizens — Citizens of many countries supporting the "Big Truth."

In this country every American will be given the opportunity to personally sign a Freedom Scroll and to aid financially in a small way the objectives of the Freedom Crusade. This will help to counteract in some degree the phony peace petitions which Moscow has been circulating throughout the world.

WHO'S HOARDING?

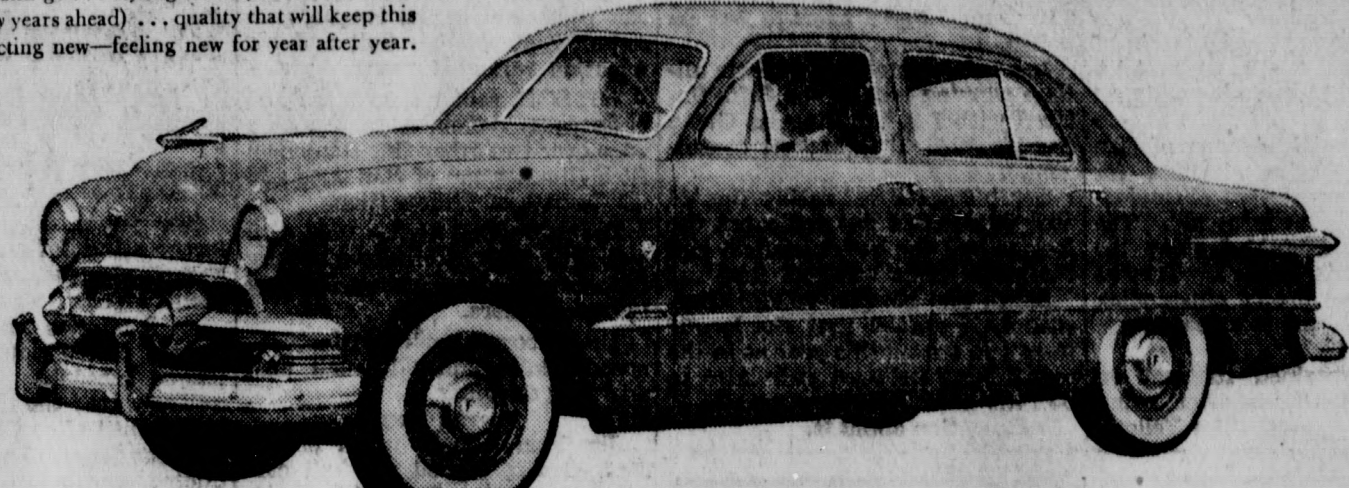

The Administration is urging citizens and business concerns alike not to hoard. This has been backed up by legislation designed to discourage "wild stockpiling." But at the same time, and as we well know, Uncle Sam is carrying on one of the biggest "hoarding" programs the world has ever seen.

He has so much surplus food stacked up in warehouses or lying in open fields that not even the Korean War can make an appreciable dent in the supply. Uncle Sam has offered to sell meat for 5 cents a pound to foreign governments belonging to the Food and Agricultural Organization. He's willing to sell butter for 15 cents a pound and cheese for 7½ cents.

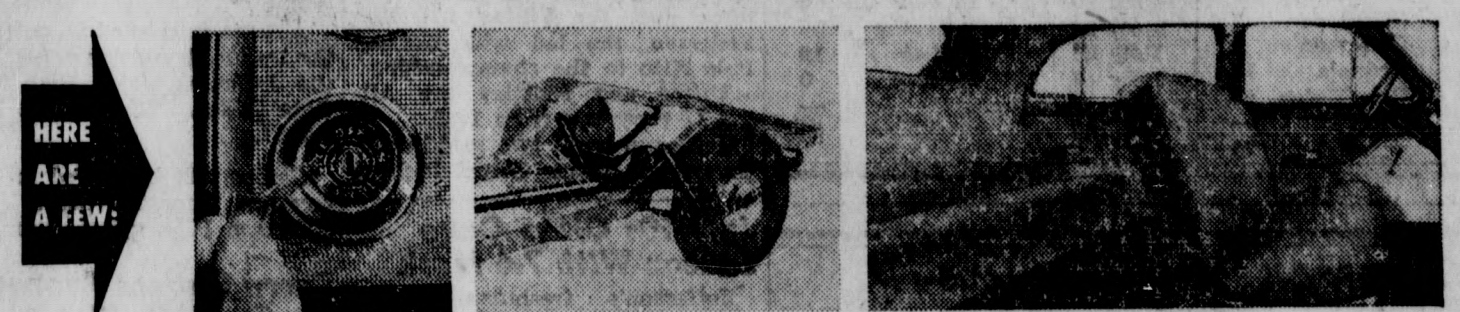

The Government bought these at high prices but that's "all right" — it's just the taxpayer's money that goes down the drain. Other foods are also in enormous oversupply such as wheat, corn and soybeans. Well, as long as we continue to have fat subsidies for farmers we'll have fat surpluses in warehouses and thin wallets in the taxpayers' pockets.

Here's the '51 FORD

New—through and through—is this '51 Ford! It brings you V-8 or Six power that rules the road in get-up-and-go... styling that's years ahead (that will stay years ahead)... quality that will keep this Ford acting new—feeling new for year after year.

with 43 "Look Ahead" features

Ford's New Key-Turn Steering turns on your engine when you turn the ignition key past "ON". No more reaching for buttons or pedals!

New Automatic Ride Control... a unique springing system which automatically adjusts spring reactions to road conditions. You get an easy ride... a level ride... no pitch, no bounce, no roll!

Ford's "Luxury Lounges" Interiors are designed to stay in style... to last through the years ahead. You'll find a new "Safety-Glow" Control Panel. You'll find a whole new selection of beautifully woven Fordcraft Fabrics that are matched to Ford's exterior colors. And Ford's interiors are built for the years ahead.

built for the years ahead!

In this '51 model, Ford has built a car, with 43 new "Look Ahead" features, that's as fine as the finest—yet priced with the lowest... a car that's built to last, not just for a year or two, but for the years ahead!

In addition to the "Look Ahead" features pictured on this page, Ford offers you a more rugged chassis frame box-sectioned back to the stiffer rear cross member for greater rigidity. For safety you get new Double-Seal King-Size Brakes... sealed against the weather. For quick, all-weather starts Ford offers you a new Waterproof Ignition System. And best of all, Ford brings you Fordomatic Drive*... the newest, finest, most flexible of all automatic transmissions. *Optional at extra cost.

OFF THE RECORD

By Roy Hurlbert

VIKING CONQUEST

The link on final Peninsula Athletic Football standings is dry and long live the king. Mighty Palo Alto, the people's choice, had it all over her eight league opponents and bowed out with a landslide 42-12 conquest of San Mateo Friday.

Hod Ray's crown wearers were magnificent all season long. They slugged out unanimous decisions over all comers and made every team they met look like palookas.

Palo Alto's scoring was destructive. When they rolled they picked up momentum and still had plenty to spare at the finish.

The Vikings are on the ballot for "Northern California Prep Team of the Year." How anybody can deny their candidacy is a matter for a psychiatrist.

Palo Alto literally didn't work up a sweat in sweeping their ten game schedule. There were no close decisions at any time. Their class was clear cut at all times.

Rival coaches acclaim them the best PAL squad in years.

In wrecking ten foes, the Vikings Td off for a bulging 366 points while allowing the other guys 76. That's 36 points a game with a tidy defensive rate of one touchdown per contest.

Doormat South City "held" them to a 13 point margin, but the rest of Palo Alto's servants weren't so fortunate.

The Palo Alto platoons hit their peak against Burlingame. That one was a 52-0 earthquake. Willow Glen felt their flurry, 44-0. Lincoln of San Jose, co-holder of the runnerup spot, got blasted 37-7. Jefferson, a threat most of the campaign got a reprieve from the weatherman and lost to Palo, 21-0. A respectable margin. San Jose made the mistake of scoring first, but the Vikings crushed them, 40-7. San Mateo felt their A-bombing assault, 42-6. The most improved team in the circuit Sequoia, gave Ray's Rowdies their only anxious moments. Their Turkey Day traditional was close for three quarters, but Palo Alto got away with three t.d. thrusts in the last nine minutes to emerge, 35-13.

Out-of-league ventures produced food for thought. To start things off, Palo crumbled Salinas of the Coast Counties loop, 35-6. Berkeley High, monarch of the East Bay lost to the Salinas crew, 7-0. The Berkeley club humbled proud Palo, San Francisco stalwart, 55-20. Add these facts in order and you get Palo Alto on top of the other section leaders.

The Vikings mastered Lincoln of San Francisco, 35-19, while AAA title-bound Polytechnic whipped Lincoln, 20-6.

Poly, perennial champs of San Francisco, (they're shooting for their fifth consecutive championship) isn't the Poly of old. The Parrots have stumbled along the title trail this season. They've won, but they aren't outstanding in their league this year.

Berkeley retained its seat on the East Bay throne after losing its first two games. The Yellow-

jackets boomed toward the finish but, overall, their record, like Palo's, doesn't compare with Palo Alto's superb mark.

This reasoning all leads to one logical conclusion. Palo undoubtedly is the best of the Northern California "big league" lot. The Oakland, San Francisco, and Peninsula prep leagues are the strong-est, in the said area.

There are strong and rightful arguments from other northern California sections up north and in the valley.

But, on the whole, the East Bay, West Bay, and Peninsula leagues produce the best prep teams, year in and year out.

And Palo Alto can't be denied the top honor as the best high school football aggregation hereabouts.

A playoff game for the area's prep championship is desirable to settle supremacy arguments, however.

There is no excuse for the PAL not having playoffs in all sports in case of ties. In any kind of competition there is always one team that is a shade better, no matter how close. And most parties concerned want just one champion, not a record book tie.

PASS IN REVIEW
Basketball season is bouncing in, so excuse a few last minutes chatter on the concluded PAL football race.

A number of things made it unusual. Palo's complete reign, for instance. High scores came more than was expected. Big Game tussles were dogfights in all four encounters. Burlingame toppled San Mateo, South City embarrassed Jefferson, Lincoln humbled San Jose, and Sequoia made Palo Alto uncomfortable for awhile.

Most dangerous club in the loop was Sequoia, which lost its first three outings and was tough from then on. The Cherokees could have handled anybody when the last bell rang.

San Jose's defending champions were the flop of the show. With a little polish here and there, the Bulldogs would have been a contender again.

Willow Glen's baptismal year in PAL play wasn't too bad. The Rams were right on the heels of their hometown San Jose rivals, losing to San Jose, 27-25, and Lincoln, 13-7.

Jefferson was the surprise package. Except for the Sequoia, Burlingame, and San Mateo affairs, the Indians were pressed to win. They were above average but no better.

Instead of establishing their all-time winning record, the Jeffs finished with 7-2, the same as Glenn South's 1946 T formation contingent.

South begged off rating the '46 and '50 elevens but indicated the former had the best backfield and the latter team was "all line."

South and his line builder Clarence Lair agreed that the league wasn't so strong this year as in the past. They believed Palo Alto to be "the best in a long time."

No question about it.

MCCOOL, WILSON MAKE RECORD'S 1950 ALL-P.A.L. MYTHICAL FIRST ELEVEN

Palo Dominates With Five Men; Harrison, Gallagher Place Second

By ROY HURLBERT

Two Jefferson Indians, JACK WILSON, right end and line-backer, and PAT MCCOOL, blocking back and defensive tackle, make the Record's 1950 All-P.A.L. football team.

Palo Alto's Vikings dominated the first team with five Norsemen getting mythical first-string berths.

Pat and Jack
McCool, called the most tireless performer in the league, consistently played top ball and his selection was unanimous.

WILSON, senior co-captain and a heads-up defender, gets a slim edge over two other fine flankers, Dick Zimmerman of San Jose and Ed Griffith of Willow Glen.

Merle Flattley, stellar Palo Alto end, and Roy Krickberg, husky Lincoln guard, share outstanding linemen honors.

The Record's backfield featured speed, class, and all small men with big clippings.

Farrell Tops

Jim Farrell, only junior on the first eleven, topped the ball carriers for merit. The Viking scabbard set the loop on fire with a new P.A.L. scoring record of 115 points.

Lincoln's Jim Unger and San Mateo's Frank Rongey couldn't be left off any all-star team. The same goes for Viking QB, Bob Pederson, the lad who directed Palo Alto to the championship.

Unger and Flattley are All-P.A.L. repeaters from 1949. Jefferson lands two gridders on the second team, Guard Richard

Harrison and Halfback Bob Gallagher.

Five More Indians
Proof of Glenn South's fine line comes with third team honors.

End Harold Hazen, Tackle Vic Baher, and Guard Mansel Roland deserve honorable mention at least. They played steady ball all season.

Likewise for backs, Max Kliem and Ray Tschirgi, who were big factors in Jefferson's contention.

Six Teams Enter Night Basketball League At Jeff

Six teams have entered the forthcoming Jefferson Night Basketball League, Director Glenn South reports.

At least two more entries are needed before South draws up a league schedule. As it is, it is unlikely that the competition will begin until after Christmas.

Last year two leagues were conducted, one before and one after the holidays.

Among the teams entered this year are the champion Veterans' Inn quintet, Ralph's Cleaners, Tromborg Plumbing, Sarto A.C., Belli Motors, and a Brisbane team.

Anyone interested in getting in the league should contact South in the Jefferson Union High School Gym Office. Telephone is PLaza 5-2511.

Games will be played on Tuesday and Thursday nights in the Jefferson High gymnasium.

Serra Cagers Average Six-Four Per Player

Serra's Padres are hitting the hoop these days with one of the game's best advantages—height.

The San Mateans average six feet four per man and that's getting up there for a high school quintet.

Sophomore Jack Allain is a junior skyscraper at six-eight. His lanky comrades are forwards Dick Simoni and Len Calegari.

Simoni and Calegari both stand six-four.

Tom Healy, the footballer, and Al Hammer are shorties at guard. They only scale six-one apiece.

The Padres opened a tedious 31 game schedule last Friday by whipping St. Ignatius of San Francisco, 34-32. Serra's thirties lost out, 22-20.

Simoni paced the varsity with 14 points. Tim Goode tanked eight for the lightweights.

Serra invaded Daly City yesterday in a afternoon scrap with Jefferson. It was homecoming day for giant Allain because the big laid player center for the Indians last season.

Jupe Pluvius Keeps Daly City Sandlotters Idle

"Rain, rain, go away. We'd like to have a place to play."

The little ditty is the attitude of Daly City's five Sunday sandlot teams.

It came up H2O again last Sunday and the boys all stayed indoors.

They'll try once more this Sunday.

Sarto AC tangles with the Mike Chioino nine (4-4) in a Golden Gate Park League tilt in Marchbanks Park at 12 p.m. Vic Baher's boys are but a single game behind Les Vogel's (7-1) in the Double A circuits pennant fight. Sarto AC and Foster's share second place with 6-2 records.

Gelsi's Cavern attempts to get over the 500 mark in the Class AA National League in a clash with SFAC (4-2) at Marchbanks Park. Starting time is 2 o'clock. Manager Eddie White's club was a contender for a few weeks but their three league losses put them behind Double Play (5-1), SFAC, Syl's Service (4-2) and Cooper-Varni (4-2).

The Sarto Juniors take on a tough one this week. Their opponent in a Class A National League game is Hilda's Bakery (4-0). The tilt is slated at noon on the Big Rec diamond. Sartos have two wins and two losses in league competition.

Satan AC (3-1) and Feil Radio (4-0) collide at Potrero Hill at 2 o'clock with top spot in the Class A Pacific Coast League going to the winner. In the same loop, Marie's Place (1-4) and West-states Realty (1-3) tangle on the same diamond at noon.

Jeff Varsity Names Grid Opponent Teams

Coach Glenn South and his Jefferson Indians engaged in a bull-session Monday and after some deliberation came up with their All-Opponent team.

The Daly City gridders agreed that Palo Alto was as good as they're reputed, for they named six Vikings on their first eleven.

First Team:
Merle Flattley, Palo Alto
Dick Zimmerman, San Jose

Tackles:
Mike Arnstein, Palo Alto
Chris Marshall, Palo Alto

Guards:
Roy Krickberg, Lincoln
Willie Wright, San Mateo

Center:
Bob McDowell, Palo Alto

Backs:
Bob Pederson, Palo Alto
Willie Grimes, San Mateo
Jim Unger, Lincoln
Jim Farrell, Palo Alto

Second Team

Ends:
Ed Griffith, Willow Glen
John Stewart, Palo Alto

Tackles:
Will Briggs, Sequoia
Dick Stewart, San Jose

City College, SMJC Win Cage Openers

Coaches Ralph Hillsman of City College of San Francisco and Ray Baleley of San Mateo Junior College got their basketball seasons off on the right bounce this week with first-game triumphs.

Hillsman's Rams, paced by Harvey Cronow's 26 points, stopped Napa JC, 60-56.

Baleley's Bulldogs out-bucketed Vallejo JC, 70-43.

Center Jim Ogilvie hit 22 points and Guard Ed Bonner tallied 16, right, as you walk, look left, then

South City Beats Braves In Last Minute, 26-20

South City's frosh-sophs scored in the last minute of the ball game to measure the Jefferson Braves in a see-saw Peninsula Athletic League fracas on the winners' field last week, 26-20.

With four minutes to go, Halfback Jim Stevens put the Jeffs in front by plunging two yards to climax a 30 yard drive, 20-19.

South City came right back with a 45 yard kickoff return and subsequently tallied on an end sweep to win the battle.

The Warriors got the game's first touchdown after they blocked a Brave kick early in the first quarter. Halfback Don Trevasikis latched on to a wayward South City pass and ran over to make it even, 6-6.

The Braves fumbled just before the half on their 20 and South City went over from there on an end run.

Again the Warriors hit the end zone in the third period, but Stevens kept the Braves alive with a 60 yard t.d. shot at end. John Geersten converted and Jefferson was six points behind, 19-13.

Then came Stevens' line smash and McGrath's team took the lead temporarily. Tackle Vic Irons set up the last Brave score by dumping a Warrior passer with a fumble and Jefferson recovery resulting.

The encounter was the last for the Daly City outfit. They posted one win and three defeats in P.A.L. action, 2-4 for the season.

Their two triumphs were impressive. The Braves belted Balboa, San Francisco Frosh-Soph champions, 21-6, to start off their grid campaign.

Two weeks ago Jefferson kayoed San Jose, 37-12.

Sequoia captured the P.A.L. bunting this time by edging Burlingame in the closing minutes for the title, 27-20.

Central Club Paces Merchants Bowling Loop

Central Club keglers hold a slight one game lead over the rest of the pack in the Daly City Merchants Bowling League, recent standings show.

The leaders stayed up front by taking the odd game of a three game series with the Foresters of America team Monday.

League competition is held each Monday night beginning at 9 p.m. at the Daly City Sports Center Bowl.

League rankings:	
1. Central Club	
2. Colma Lions	
3. Thur Market	
4. Foresters of America No. 1	
5. Brisbane Lions	
6. Westlake Furniture	
7. Daly City Eagles	
8. Foresters No. 2	

USE YOUR EYES

T. D. DASHES BY UNGER, BRUNO GIVE LINCOLN 20-7 WIN IN FINALE

Jefferson Fails To Recover From Two First Period Lion Tallies In Climax

By ROY HURLBERT

Coach Lee Cox's Lincoln Lions spoiled Jefferson's bid for its best record in history Friday as the Blue and Gold gridders from San Jose upset the Indians, 20-7, to deadlock for second place in final Peninsula Athletic League standings.

It was just a case of too much speed by the Lions and too little speed by the Daly City eleven.

Two Long Ones

Two sudden-death touchdown dashes did it. The locals were caught flatfooted twice and fatally, too.

The first shock came on Lincoln's second play of the ball game. Mercurio Sam Bruno took a hand-off from quarterback Wally Perry on the Lion 25 and raced through tackle and then to the sidelines for 75 yards and six points. Kim Ikeda's point try was wide. Bruno shot into the secondary as out of a cannon and the Indian defenders didn't get a crack at him.

Lincoln made it 13-0 with one and a half minutes left in the first quarter. Big Jim Huston, their bulling fullback, terminated a 43 yard march by smashing the last 10 at right tackle. Ikeda, south-paw booter, kicked the conversion this time.

Cafferata Saves It
On the ensuing kickoff the Lions recovered a Max Kliem fumble on the Jefferson 18. On the eighth play after seven runs, end Dave Cafferata intercepted Perry's fourth down pass on the four and rammed to safety to the Indian 34.

The aroused Tribe stiffened when their antagonists took the ball again, forcing a punt from the Lincoln 15. The Indians got the pigskin on the Lion 35 and drove to a score in seven plays. Ray Tschirgi, junior fullback, tallied from four yards out in a drive featured by Ray Espinoza's 15 yard toss to Jack Wilson.

Bryan "Toe" McMahon booted the extra with Espinoza, a hustler all day, holding.

The Lions roared back on an eight-play move to the Indian 16 where a fourth down pass was incomplete.

Indians On March
Grandstanders awaited Jefferson's usual second half awakening and it looked like it would happen at the offset of the third quarter.

The Indians migrated from their 28 to the Lincoln 9 in 15 calls. They were to go no farther and lost possession on downs.

Jefferson's line superiority began to show and a few minutes later, the Tribe was within range again. Wilson was the chief character this time. The senior co-captain grabbed a punt on his 32 and stormed straight ahead 44 yards to the Lion 24. Pat Mc-

Cool called for three ground plays which accumulated a net of yards and Jefferson's last threat was put down when B. Gallagher's aerial to Hal Hazen fell incomplete.

Blood Needed By Korean Fighters

Blood—the great life-giver—is desperately needed for our fighting men in Korea. Quantities of whole blood and plasma must be sent overseas to our wounded, so they may have a chance to live. The San Mateo County Blood Bank and the San

Mateo County Chapter, American Red Cross, will cooperate to secure the blood locally. Volunteer blood donors will be recruited by the Red Cross and the blood will be taken and processed by the Blood Bank. The American National Red

Cross has been designated by the Secretary of Defense as the official blood procurement agency for the Armed Forces. Beginning Tuesday, December 5th, Tuesday and Friday of each week will be Red Cross days at the Blood Bank. All blood given on those days will go to our Armed Forces.

Mrs. Henry Bostwick and Mrs. Arthur Breuer, Chairman and Vice-Chairman for Blood Service for the local Red Cross, said today, "We cannot emphasize too strongly the gravity of the present situation in Korea and the immediate necessity for quantities of blood. We urge each person who is able, to help our fighting men by giving blood. Do it now, by calling the Red Cross, DI 3-4561, for an appointment for Tuesday or Friday."

University Of S. F. Dedicates Library

The Most Reverend Thomas K. Gorman, D.D., D.Sc.Hist., Bishop of Reno, Nevada will be the principal speaker this Sunday afternoon (December 3 at 3 p.m.) when the University of San Francisco dedicates its new Richard A. Gleason Library.

The new structure is named for the late Father Gleason, one of the university's most loved professors. A native of Pasadena, California, Bishop Gorman is well known as an author, newspaper editor, and professor of medieval and modern history. Prior to his elevation as Bishop of Reno in 1931, he taught history in many Catholic colleges, was managing editor of The Tidings, the official news journal of the Diocese of Los Angeles and San Diego, and is the author of several books including, "Seventy Five Years of Catholic Life in Nevada" and a historical study, "America and Belgium."

The dedication ceremony will be opened by the Very Reverend William J. Dunne, S.J., president of the University of San Francisco. His Excellency the Most Reverend John J. Mitty, Archbishop of San Francisco, will bless the library. Bishop Gorman's address, "Our Schools Today" will follow. At the conclusion of Bishop Gorman's address, members of the public are invited to tour the new structure, Father Dunne said.

1951 Chevrolets Go On Display At Belli Saturday

New 1951 Chevrolet passenger cars and trucks will go on display simultaneously at 7,690 dealers on Saturday, December 9, Belli Motors reported today.

Announcement of the showings by W. E. Fish, general sales manager of the company, was coupled with an estimate that more than 10,000,000 people will inspect the latest series during the introductory period.

"Reports from the field indicate one of the most successful showings in our history," said Fish. "Not only have we found widespread interest in the new model features, but dealers are working on elaborate programs in connection with the event. In many centers the showings will take on all the aspects of a civic celebration. "For the Chevrolet retail organization the presentation of the 1951 series will come as a climax to its greatest year. Sales during 1950 will establish a new record and once again will top all competition by a substantial margin."

PASSING A TRUCK

Don't crowd the rear end of a truck that you are trying to pass, advises the National Automobile Club. Stay far enough behind it to allow yourself plenty of room to pull back into line if the way ahead should be blocked by an approaching vehicle. And stay far enough behind to give yourself an adequate range of vision.

The 16,000,000 acres of vacant public lands in California are under the administration of the U. S. Bureau of Land Management.

The California Palace of the Legion of Honor at San Francisco is a memorial to California soldiers killed in World War I.

Prehistoric Pits Puzzle UC Workers

Anthropologists from the Santa Barbara and Berkeley campuses of the University of California announced that findings from an excavation of a once-populous prehistoric Indian village included waterproof pits, built into the dirt floors of their homes.

Found for the first time in California, these pits may have been used for the storage of acorns or seeds or may have been built-in fireless cookers, according to Dr. Norman E. Gabel, assistant professor of anthropology at Santa Barbara College, who headed the expedition.

The excavation was made in the Jalama Creek section, 60 miles northwest of Santa Barbara, with ten anthropology majors from Berkeley working with Dr. Gabel.

The pits which provided a puzzle for anthropologists were about two feet across with bottoms and sides waterproofed with asphalt. Around the top they had been

fired, making them like brick. Dr. Gabel expressed the opinion that the Indians tossed hot stones into the pits, after putting food and water in them, in order to cook their food. He added that steatite, widely used by Indians farther south in the Santa Barbara Channel area and obtained from Catalina, was almost virtually absent from Jalama Creek excavations, indicating that Indian trade once conducted by hundreds of canoeists, probably did not reach the Jalama section.

The area excavated was still the site of a large Indian village when the Spanish were developing California and is mentioned in their records.

The States of California, Oregon, and Washington, in 1947, joined in creation of the Pacific Marine Fisheries Commission.

The Salton Sea in Imperial Valley was created from an overflow of Colorado River water about 1905-7.

The Navajo Indians learned the art of silversmithing in the middle of the 19th century from the Mexicans.

DRIVE SAFELY AND STAY ALIVE

Americans were asked today to celebrate the year-end holidays by keeping themselves and the Christmas spirit alive this year.

That plea launched the National Safety Council's Christmas safety campaign, in which 161 national organizations are cooperating.

The campaign is aimed at reducing the increasing number of accidents throughout the nation. Special emphasis will be placed on traffic accidents, which have taken an upward swing this year.

Traffic Deaths Up

Traffic deaths for the first nine months of 1950 were up 11 per cent, and the Council predicts that the traffic death toll for the year is virtually certain to reach 35,000. This would be the highest since 1941 and the only year since 1946 to show an increase.

"The Christmas-New Year's holiday season is the peak accident period of the year," said Ned H. Dearborn, president of the Council, "and traffic accidents present the most acute problem. Heavier travel and the festive spirit of the season always add to the normal winter hazards of bad weather, slippery roads and added hours of darkness.

Highways Crowded

"And more people will be traveling this year," he said. "Service men and women will be coming home on holiday leaves—and some families will be traveling to military camps to spend the holidays with those who cannot come home.

"This increased travel calls for extra caution on everybody's part. If everyone will take a little more time during the holiday rush—just enough to be careful when driving on the highway or crossing streets and in recreational and home activities—everyone will be assured of a much happier Christmas and New Year's.

"Don't let death take your holiday—or anyone else's," Mr. Dearborn urged.

New Book Describes Art Perspective

Perspective, derived from a Latin word meaning "to see through," is important as basic study not only to the artist but to those interested in scientific illustration, architectural engineering and design, industrial design, and advertising art.

So says Joseph Wm. Hull, assistant professor of art on the Los Angeles campus of the University of California, in a new book, *Perspective Drawing—Freehand and Mechanical*, published by the University of California Press.

The book is divided into two parts. The first part encourages the student to begin drawing freehand immediately, as learns the principles of perspective set forth progressively in the second part. The illustrations enable the student to transfer statements of principles to concrete situations; included are professional drawings by masters in architecture, painting, and scientific illustration, as well as numerous examples of student work.

"It has been well said that to be able to draw is not a gift from the gods," Hull points out. "The skill may be acquired by realizing to what degree things do appear different from what they are and by practicing diligently and faithfully under competent guidance."

The author has based his book on many years of instruction in perspective drawing and experiences in the study and teaching of art and the history of art and architecture, both in this country and abroad.

FALSE DRIVING SIGNALS

Don't dangle your arm out the window while driving, flick a cigarette, or point out scenery to your passengers, warns the National Automobile Club. Such false arm signals only cause confusion on the highway, and confusion on the highway usually ends in collision.

Many Claim State Hospital Benefits

San Francisco disability insurance claimants were compensated at the rate of \$8 a day for nearly 65,000 days of hospital confinement during the first ten months of this year, it was announced today by

J. M. Williams, state disability insurance district office manager.

Residents of San Francisco, San Mateo and Marin counties received \$429,000 in hospital benefits and \$3,483,298 in basic disability insurance benefits, Williams stated. The average person was hospitalized for eight days, for which he received \$62 in addition to his weekly benefit.

Californians have been eligible to claim benefits through the state disability insurance program since last January, Williams commented. A weekly benefit of \$10 to \$25 has been available to disabled workers since December, 1946. The entire program is financed by a one per cent tax on the first \$3,000 of workers' annual earnings, he said. Hospital benefits are obtained

by filing a disability insurance claim. Claim forms are available at most hospitals and all California Department of Employment offices.

Yours for a white Christmas!

HERE are gifts, not of the moment, but lastingly beautiful remembrances that bring happiness year after year—ever a joy in their grace of beauty and line, never-failing in their complete convenience, and always faithful in helpful, dependable service.

New Frigidaire Automatic Electric Dryer!
Dries clothes in any weather. Saves backaches—no lugging of heavy, wet wash to line.

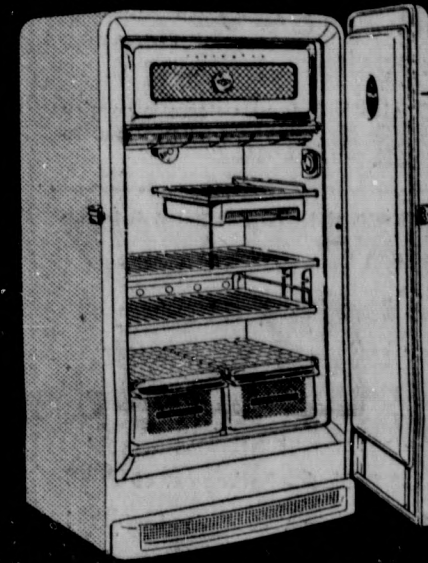

New Frigidaire Electric Ironer!
Cuts ironing time in half. Provides maximum comfort and ease of control.

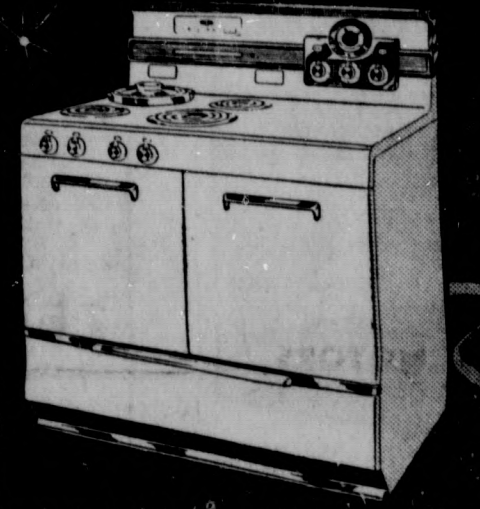

The Matchless Frigidaire Food Freezer!
Saves trips to market—and money, too. Keeps out-of-season favorites handy. Choose from 3 sizes.

Only Automatic Washer with Live-Water Action!
Gets clothes clean and bright at the single touch of a dial. Porcelain-finished inside and out.

America's No. 1 Refrigerator!
What woman wouldn't adore a beauty like this! 3 types, 10 sizes to choose from.

America's Most Beautiful Electric Range!
Makes all cooking easier, better, faster. Models with one and two ovens—in various sizes.

Ask about all the Frigidaire appliances for Christmas giving, including the Frigidaire Electric Water Heaters, Kitchen Cabinets and Sinks, Window Air Conditioners and Dehumidifier which are not shown here.

Place your order early!

Gov. To Hold Traffic Conference

The role of public information and public support in reducing California's traffic death and injury toll will be one of the principal topics of the 1950 Governor's Traffic Safety Conference, to be held in Sacramento Dec. 7 and 8, Archibald M. Mull, Jr., Sacramento attorney and general chairman

of the conference, announced today. "Without wholehearted public support little, if anything, can be accomplished," Mull stated. "As the conference will be open to the public, we hope all persons and organizations interested in this vital problem will attend."

Chairman Named

Carroll A. Trefts of Oakland, president of the East Bay chapter of the National Safety Council, will be the chairman of the public information division of the conference, Mill said.

John B. Long, Los Angeles, manager of the California Newspaper Publishers' Association, will represent the press in the discussions. Robert J. McAndrews, managing director, Southern California Broadcasters, Hollywood, will be the spokesman for radio and television, and Joseph W. Fontana of San Francisco, of the Outdoor Advertising Association of California, will represent the outdoor advertising medium. Robert A. Pike of the National Safety Council, San Francisco, will represent other media.

Governor Warren will deliver the address of welcome to the more than 500 leaders in traffic safety who are expected to attend. Paul Blaisdell of Chicago, executive director of the National Committee for Traffic Safety, will speak on the subject, "How California Traffic Appears to the Rest of the Nation," at the opening session.

Adult Driving Courses Offered

The Adult Education Department of the South San Francisco High School announces the opening of a new class in Driver Education for adults starting Thursday, December 7, at 7:00 p.m.

The class will meet each Tuesday and Thursday, 7:00-9:00 p.m. for classroom instruction. Driver

Training (behind-the-wheel training) is scheduled by arrangement between the hours of 9:00 a.m. and 7:00 p.m.

The course consists of 24 clock hours of classroom training and a minimum of 8 hours spent in the dual control car in behind-the-wheel driver training.

The total cost of the course is \$10.00 including registration, tuition, and insurance. If you have a 1950-51 registration card, the fee will be \$9.00.

Registrations will be taken from

7:00 p.m. to 9:00 p.m. on Thursday, November 30, Tuesday, December 7, or any afternoon between the hours of 2 p.m. and 4 p.m. in the High School office.

A large enrollment is anticipated so come early as the number admitted is limited to 50 students.

This is the fifth class in Driver Education and Training conducted by the South San Francisco Adult Education Department since March, 1950. Each enrollment group completes the entire course before a new class is started.

Time to start your
HOLIDAY BAKING

SAFEWAY has the "makings"!

Your oven can play a big part in making this the "merriest of Christmases." Delicious home-baked treats are as traditional as tinsel and holly wreaths. And it's one part of your holiday preparation which you can get done ahead of time. Start with a trip to Safeway for the ingredients you'll need. We have a complete selection. Here are some suggestions:

County Scouts Hold Annual Meet

Boy Scouts from all of San Mateo county will hold their annual meeting tonight, December 7, in the Burlingame Recreation center.

A capacity crowd is expected to attend the San Mateo county Council of Boy Scouts of America, Philip Lienthal Jr., council president, said. County officers are to be elected and the Silver Beaver—highest award scouting can make to a volunteer—will be made to three outstanding scouts.

Guests speaker for the evening will be William B. Platt, known as "Uncle Bill" to thousands of scouts across the nation.

Hall To Resign School Board Job

San Mateo County not only loses its superintendent of schools on January 8, but also the assistant to the job.

The announcement came Tuesday from Henry Hall, current assistant superintendent, who indicated he will resign on that date when his boss, Pansy Jewett Abbott, retires.

Hall, a San Bruno resident and former superintendent of San Bruno schools, resigned three days ago from the county board of education.

James R. Tormey will succeed Abbott on January 8. Tormey defeated Hall in the November election for the superintendent post.

The board of supervisors, in accepting Hall's resignation, indicated they will wait until Tormey takes office before they consider appointing a successor to Hall.

\$39,600,000 Requested To Increase Size, Capacity Of State Mental Hospitals

The State Department of Mental Hygiene has submitted to the Department of Finance a capital outlay budget request for \$39,600,000 in additional mental hospital construction for California.

The request is based on a plan to bring capacity of the State's mental hospitals and homes for the mentally deficient to 45,900 patients by June, 1955. Present capacities call for 32,358 patients but a total of 38,394 is crammed into these facilities. Construction now under way or already appropriated for will bring capacities to 42,571 by June, 1945.

The 1951 capital outlay budget request calls for construction of 5016 new beds; some to reduce overcrowding, some to replace rickety old buildings and some to provide for expected increases in mental hospital population.

Big Item

Biggest single item asked is \$12,500,000 for construction of a new hospital for 1500 mentally deficient patients at Costa Mesa. The greatest need in California's mental hospital program is for beds for mentally deficient patients. Second largest item asked is \$5,000,000 for construction of research and training center in conjunction with the UCLA medical school. The center is planned to contain a 400-bed hospital for treatment of acute cases and extensive training and research facilities. A similar unit exists now at San Francisco.

Of the 5016 new beds asked in the 1951 capital outlay budget, the greatest part—3040 of them—would be at institutions for the mentally deficient. These institutions are now overcrowded 26 per cent and have a waiting list of over 200 patients for whom there is no room. The request asks for additional ward space for 1000 of these patients at the new hospital now under construction at Porterville and for funds to start construction on a new hospital for 1500 at Costa Mesa.

More Beds

Additional beds at the mental hospitals would include a receiving and treatment building at Agnews State Hospital; a juvenile unit at Napa such as is now provided for children in the southern part of the State at Camarillo; an addition to the tuberculosis unit at Napa and replacement of some of the old buildings at Patton, Stockton and Agnews State Hospitals which now constitute a fire hazard.

These are some of the major items in the request, listed in order of the priority given them by the Department of Mental Hygiene.

Additional ward buildings to house 1000 mentally deficient patients at the hospital now under construction at Porterville, \$3,500,000.

Construction of new hospital for 1500 mentally deficient patients at Costa Mesa, \$12,500,000.

Replacement of old ward buildings at Sonoma State Home for the mentally deficient, 500 beds, \$1,750,000.

New ward building for 300 at Norwalk State Hospital to keep pace with the growth of population in Southern California where bed space is urgently needed, \$1,050,000.

Research, training and acute treatment center at UCLA, \$5,000,000.

Quarters Needed

Additional beds (200) at the research, training and acute treatment center at San Francisco, \$2,500,000.

Quarters for student nurses at five hospitals so they may study psychiatric nursing as part of their regular undergraduate work, \$1,625,000.

Receiving and treatment hospital at Agnews State Hospital, 300 beds, \$1,500,000.

The over-all, long range plan for bringing California's psychiatric hospital facilities up to the needs of the mental illness problem

STRICTLY FRESH

WHEN the overall history of this century of progress is compiled, 1950 will probably be remembered as the year that saw the passing of the "Mule Train."

In spite of the success of television, engineers insist that "smellovision" is "still scientifically unproven." Nevertheless, the boys must admit we're very, very close.

A man in New York was arrested for selling phonograph records claimed to induce listeners

to fall asleep. And to think of all the after-dinner speakers there are running around loose!

The Agriculture Department says there are entirely too many nuts being grown in the United States. They're telling us!

County Residents Fail To Support Xmas Seal Drive

Open disappointment over returns in the 1950 sale of Tuberculosis Christmas seals was expressed today by seal sale aides of the San Mateo County Tuberculosis and Health Association following tabulation of a first full week of receipts.

While the returns were only slightly behind those of last year at this time, the seal sale workers said this offers no encouragement because difficulty was experienced in early days of the sale last year and the over-all need for funds in 1951 will be greater than during the current year.

Same Old Story

"It looks like the same old story of our experience during the last four years," declared one volunteer worker who aided in the seal sale for 11 years. "Everybody has the best intentions about sending their checks, but, somehow, they just don't get around to it."

Staff officers of the association expressed a fear that the lagging returns on purchases of the Christmas seals may endanger the free x-ray program. They pointed out that this program had to be expanded radically during 1950 in order to accommodate both increased enrollments in the schools of the county and a newly uncovered, drastic need for x-ray clinical work among adults and the industrially employed.

Other expanded services during the year included inauguration of monthly movie programs for tuberculosis hospital patients and an enlarged "follow-through" in extending help in preparation for discharge of patients at the county Canyon Sanatorium. These new services, also, may have to be dropped unless seal sale "picks up," it was said.

also includes plans for a new mental hospital in San Fernando Valley and replacement of DeWitt and Modesto State Hospitals, which were acquired from the Federal Government on a temporary basis, with two new 1500-bed hospitals.

In the present submitted budget funds were asked only for drawing up plans for these three hospitals. Construction funds for them will probably be requested next year.

Away In A Manger

Martin Luther. Carol Miller.

1. A way in a manger, no crib for a bed, the little Lord Jesus was laid to rest.
2. He came to this world, to live and die for us, to save us from sin and to bring us to heaven to live with Him there.

He came to this world, to live and die for us, to save us from sin and to bring us to heaven to live with Him there.
He came to this world, to live and die for us, to save us from sin and to bring us to heaven to live with Him there.

He came to this world, to live and die for us, to save us from sin and to bring us to heaven to live with Him there.

America Moves By Charter Bus

by COMMANDER SCOTT

Well, maybe not all America, but plenty of Americans do travel by charter bus these days. It's a fascinating facet of life in the U.S.A.

A charter bus is a vehicle that takes any group to practically any destination it may have in mind. For example, your club is going to have a party. Transportation once may have been a problem, but not today. Just call the local bus depot and ask for the charter department. "How many people?" they ask you. If 40 or less, a single bus will do; if you've got a couple of hundred or so in your group, you order five or six buses. The party fun starts when you board the bus and lasts all the way home after the big event is over. An experienced driver comes with each bus... no driving strain, traffic troubles or parking worries.

Greyhound Leads

Greyhound is the leader in the charter bus business throughout the country. They'll supply one bus or a score or more without batting an eye, usually those luxurious "Silverlides" air-conditioned super-coaches that are the last word in highway travel.

I talked with Glen G. Magnuson, general traffic manager of Pacific Greyhound Lines, which is the western unit of the Greyhound system. He explained all about charters and who uses them.

"High schools and colleges charter buses to get rooters and bands to the games," he said, "as well as to transport the players. Some of the teams do all of their traveling by charter bus. And student groups themselves find a lot of use for special buses throughout the school term."

"Then, there's a big demand for special buses from clubs, lodges, churches and other organizations," he went on. "They want them for meetings, conventions, sightseeing trips and all kinds of get-togethers. With a big convention in town there's always a heavy demand for special buses for the meetings and for tours around the city and the surrounding country. Sometimes an orchestra or choral group will tour the west or even the whole country in one or more charter buses. Perhaps for weeks or months at a time. Sometimes a big group takes a score or more buses."

Low Cost

The Greyhound executive emphasized the low cost of charter buses. "As you know," he said, "bus fares are lower than those of any other type of public transportation. Yet, in most cases, a charter bus usually costs less per person than regular low Greyhound fares."

"Freedom of movement is a big advantage," Magnuson pointed out. "The driver takes the group anywhere it wants to go. If desired, it will pick up members of the party at their homes, take them to the destination, make special trips during the day, and deliver them to their homes when the party is over. People say that the traveling part of the outing is often more fun than the main event itself."

Magnuson concluded with a definition of a charter bus that is short and to the point: "A charter bus is a private limousine with room for many people, and ready to take the group anywhere."

Winter Fun and Sun

During the winter months, Greyhound charter buses are constantly

Jaywalkers Often "Heaven Bound"

Don't jaywalk. You may pay with your life.

This terse warning came today from the San Francisco Chapter, National Safety Council, with the reminder that 70 per cent of the traffic fatalities here this year have been pedestrians.

Iver C. Larson, managing director of the Safety Council, reported that 33 pedestrians had been killed in San Francisco up to December 1.

"More than half of those killed were crossing against a signal light, jaywalking or coming from between parked cars," Larson reported.

Surveys conducted by Chapters of the Council in many cities have revealed that violating pedestrians are the greatest single factor in the high annual national traffic death toll.

Larson reminded: "We have the shortest days of the year immediately ahead of us. Added to this are the increased hazards of rain, fog and heavy concentrations of traffic during the holidays. This makes the streets especially hazardous for all pedestrians. Those who violate the safe walking rules and laws are gambling with all of the odds against them."

Pink Magnolia Graces Park

Of all the trees growing in the Strybing Arboretum at Golden Gate Park, the best known is the famous Pink Magnolia, *Magnolia Campbellii*.

Of this species our plant was the first ever to bloom anywhere in the United States, and its flowering, early in February, has become something of an occasion, both to botanist and horticulturists.

Climatic conditions in its native Himalayas are of course rather different from ours here, so it it need not surprise us if at times our Magnolia is upset by our weather. Just now, for instance, the tree has begun to flower, out of season, in consequence of the unusually warm weather of the past month. If not spoiled by a sudden cold spell, enough of the buds should be open next weekend to justify a visit to view this tree.

Normally borne when the tree is quite leafless, its flowers are a rich tyrian rose, as much as ten inches in diameter, distinctly though faintly fragrant.

New Jersey is second in peat production in the nation.

Milk represents three per cent of the world's food supply.

Nevada is the sixth State in size and smallest in population.

traveling to winter resort and snow sport areas. With its charter service and regular schedules, Greyhound is now one of the chief means of transportation to the winter playlands. Familiar, early week-end sights at Greyhound depots are eager snow enthusiasts, with complete winter sport equipment, boarding buses.

Of course, winter fun aboard Greyhound charter buses is not confined solely to snow areas. For those who prefer beach balls to snow balls, Greyhound charter trips can be arranged to the year-around, sun-filled fun spots.

Fire Tragedies Mar Many Yule Celebrations

Fire turns Christmas into tragedy for hundreds of families every year. Fire Chief Elmer Kennedy warns in a statement urging caution with the flammable Yule tree.

A spark and a Christmas tree reduced most of the Pennsylvania town of Hyndman to ashes last year when fire spread from one house through several business and residential blocks. The sprightly holiday wreaths on town lamp posts became a grisly reminder of the Christmas night blaze to scores of families left homeless.

Tragic Fire

One of the most tragic Christmas fires struck at a Babb's Switch, Oklahoma, school party some years ago. Thirty-six persons were killed and 100 injured when candles ignited a huge Christmas tree.

Highly flammable Christmas decorations spread a blaze that started in the kitchen of a St. Johns, N. F., hall a few years ago. The fire and subsequent panic caused the deaths of 99 persons, injured scores of others.

Short Circuit

A short circuit in electric lights on a Christmas tree sparked a fire that killed 17 persons, and injured 30 others in a Hartford, Conn., convalescent home in 1946.

One of the common reports of Christmas tree fires every year, the fire authorities pointed out, is the fire started by a carelessly tossed cigarette or match. A publishing executive lost his life last year as a result of a lighted cigarette stub dropped among Christmas wrappings in his Scarsdale, N. Y., home. His wife was severely injured when she jumped out of a bedroom window.

HAPPY BIRTHDAY!

Red Cross Drive Opens Here March 1

Information received today by William H. Taylor, Chapter Chairman of the local Red Cross, states that a goal of \$85,000,000 for the 1951 American Red Cross Fund Campaign was announced today by General George C. Marshall, Red Cross President.

The figure was set by the organizations Board of Governors to meet the enormous tasks as-

Clark Gable playing an auto racing champ puts sarcastic radio commentator Barbara Stanwyck in her place in a scene from "To Please a Lady" showing this week at the El Rancho. Paul Henreid plays the Pirate-Lover-Hero... in the Technicolor production "Last Of The Buccaneers" in the companion feature.

sumed by the Red Cross in the present national emergency, General Marshall stated.

The campaign will be held March 1-31, with Brig. General David Sarnoff, Chairman of the Board of the Radio Corporation of America, as National Fund Chairman.

The nation's mounting military strength is creating sharply increased demands on the Red Cross, General Marshall pointed out. In addition, Civil Defense commitments require the organization to train 20,000,000 persons in first aid; instruct hundreds of thousands in home nursing and as nurses aides; recruit millions of blood donors; and prepare for mass feeding, clothing, and shelter in case of major disaster or national emergency.

"The total resources of the Red Cross must be mobilized for defense of our homes, our communities and the nation in the interest of security and world peace," he declared.

Conservation Confab Slated In Berkeley

Private industry and state and federal governments are cooperating in planning the second regional conference on conservation of California's natural resources scheduled to be held in Berkeley January 25, 26, and 27. Sessions are planned in Wheeler

Hall on University of California campus and a thousand persons, representative of many organizations in 12 Bay Area counties, are expected to attend. The conference is co-sponsored by the State Departments of Natural Resources and Education and University of California.

President Robert Gordon Sproul of U. C., as host to the conference will speak on aims of the meetings, at a general session the night of January 25.

Principal conference speaker will be Dr. Stanley A. Cain, professor of conservation, School of Natural Resources, University of Michigan. He will speak at the evening meeting January 26.

Invitations have been issued to representative groups in the Bay Area. Counties comprising the second regional meeting are Alameda, Contra Costa, Marin, Monterey, Napa, San Benito, San Francisco, San Mateo, San Clara, Santa Cruz, Solano and Sonoma.

First regional conservation conference was held at Pasadena in February of this year. Others are scheduled annually and it is hoped a practical plan for conserving California's natural resources will result.

Kern County accounts for about one-third of California's total petroleum production.

University of California Offers Job Counseling To All Residents

In the last four years, more than 10,000 men and women have visited a small, barrackslike building on the Berkeley campus of the University of California to make a kind of date with their future.

That building houses the University Counseling Center, opened in the fall of 1946 to aid veteran students returning to school under the G. I. Bill of Rights. For the last few months, the center has been operated solely as a public service to people of the state, now that the veteran wave is over.

Report

A report on the center's activities, published last week, reveals that though the majority of those counseled have been university students, the last year has seen a sharp increase in the numbers of the general public seeking guidance.

Some of these people came from as far away as Oregon and Nevada. Many had good jobs, but they believed they could do better work in another field. Others were looking for careers which would provide them with a satisfaction they did not get in their present work.

Large Number

A large number of the counselees wanted to plan towards the maximum use of their qualifications by the military service. And there was also an increase in the numbers of those who wanted advice on further training.

The age of counselees ranged from 12 to 70 years and almost

every occupation was represented, the report showed. Some had no more than one year of formal schooling and some had completed graduate university work.

Special Tests

In addition to the regular service, the center now gives a great many special tests—for children, for admission to schools and colleges, industrial tests, and so forth. Last year, 90 groups and individuals made use of this special testing service.

In all, the center held 4,676 interviews and administered 6,723 separate tests during the above period.

Persons who believe they could benefit by occupational counseling may write the Counseling Center at the University of California, Berkeley 4. If counseling and testing are indicated, the complete counseling service will be given on a cost-free basis of \$25.

IT REQUIRES PRACTICE

Despite its driving ease, the owner of a new car is likely to find his parking technique a bit askew at first, declares the National Automobile Club. He should not be misled into thinking that the new car is more difficult to park. The fact is that it has everything designed to make it easier to tuck into one of the characteristically small openings available. Just a little experience, plus a bit of practice, will prove the point.

YOUR NEW SOCIAL SECURITY

By E. J. FOLEY

An important phase of the amended Social Security law—that went into effect on September 1, 1950—is that relating to the World War II veteran, and to survivors of both men and women who served in World War II.

Survivors of servicemen who died within three years after discharge from the Armed Forces, already know of the 1946 change in the Social Security law made for their protection. It was temporary protection. First, it applied only to service people who died within that 3-year period. Second, it did not apply if the Veterans Administration could pay a pension or compensation based on the period of active service. Third—and most important—it did not give credit for service pay toward old-age insurance benefits. This provision remains in effect for the survivors of such servicemen. However, if larger benefit payments can be paid under the 1950 Amendments to the Social Security Act, the new section of the law will be used.

New Provisions

What are the new provisions for World War II servicemen? Well, to begin with, they give \$160 wage credits for each month of active service between September 16, 1940, and July 24, 1947. Recompensation to take these wage credits into account will be made, and such recompensation is used in all cases where it will result in higher old-age or survivors insurance payments.

Unlike the 1946 temporary measure, the new provisions is not affected by any compensation or pension that may be paid by the Veterans Administration. The only cases where the \$160 service-connected wage credits will not be given are those in which benefits, other than a lump sum, are payable under some other Federal plan, for instance, Civil Service or Railroad Retirement.

Wage Credits

The \$160 wage credits will be given to every serviceman who had 90 days or more of military or naval service, within the dates mentioned, and who discharge or release from service was not dishonorable. The 90-day provision does not apply if discharge was caused by injury or disability, or death occurred while in service.

Obviously, this \$160 a month service-connected wage credit of the new Social Security law will bring larger benefits to present survivors of servicemen and to the families of veterans who die within the next few years. Also, many World War II ex-servicemen, now in the 50-60 age group, will acquire old-age and survivors insurance status through these service-earned wage credits.

Broad Aspect

In its broader aspect, this provision of the amended Social Security Act will enable many veterans to regain social security status built up before the war. Also, it will help establish these insurance rights for veterans who never worked in social security covered jobs before entering military service.

In my next article, I shall discuss the dependent husband and his eligibility for insurance benefit payments under the new Social Security law.

Crime Topic Of UC Radio Show

Mentally unbalanced people who are potentially homicidal are too often allowed to remain at large.

This is the conclusion of the University Explorer after talking to Dr. Douglas M. Kelley, professor of criminology on the Berkeley campus of the University of California. The explorer tells the story of his findings in a program entitled "Lunatics at Large" which will be broadcast Sunday, December 10, over the Columbia Broadcasting System.

Twenty per cent of our population, according to the Explorer, or one out of every five people in the United States, are mentally subnormal. This estimate is based upon the findings of various intelligence tests.

The broadcast will be released over KCBS, San Francisco (12:45-1:00 p.m.); KNX, Los Angeles (12:30-12:45 p.m.); and other stations of the C.B.S. network.

CARBON MONOXIDE DEADLY

Beware of deadly carbon monoxide gas this winter, urges the California State Automobile Association. Open your garage door before you start your automobile motor, and when driving, always keep at least one window partly open for ventilation. Carbon monoxide, present in the exhaust gases of all automobiles, is odorless, tasteless and colorless.

IGNITION POINTS

Distributor points in your car should be checked at least twice a year in order to keep the ignition system in good working condition, says the California State Automobile Association.

Cookies For Christmas

It's an old story—the Christmas feast. No table would be complete at this season without an assortment of rich, luscious cookies—crumbly and full of flavor. Make them with plenty of margarine—it adds to taste appeal and texture—it's nutritious and economical. Here are two suggestions for your Christmas cookie jar from the test kitchens of Blue Bonnet Margarine.

Spiced Gum Drop Cookies

3 cups sifted all-purpose flour
2 teaspoons Royal Cream of Tartar Baking Powder
1/4 teaspoon salt
1 cup sugar

1/2 cup Blue Bonnet Margarine
3 eggs, unbeaten
1/2 cup milk
1 cup spice-flavored gum drops, cut in small pieces

Sift together flour, baking powder and salt; add sugar; add Blue Bonnet Margarine and mix in well with pastry blender or fork. Add unbeaten eggs and milk; mix well. Add gum drops. Drop by spoonfuls on greased baking sheet and bake in moderate oven at 375° F. about 10-12 minutes. Makes 5 dozen.

Christmas Nuggets

3 cups sifted all-purpose flour
2 teaspoons Royal Cream of Tartar Baking Powder
1/4 teaspoon cinnamon
1/4 teaspoon salt
1 1/4 cups brown sugar
1/2 cup Blue Bonnet Margarine

3 eggs, unbeaten
1 teaspoon vanilla extract
1/2 cup currants
1/2 cup chopped, candied mixed fruits
1 cup chopped pecans
1 tablespoon milk

Sift together flour, baking powder, cinnamon and salt; add brown sugar; add Blue Bonnet Margarine and mix in with pastry blender or fork. Add unbeaten eggs and flavoring; mix well. Add mixed fruits, nuts and milk; mix well. Drop by spoonfuls on greased baking sheet. Bake in moderate oven at 375° F. about 10-12 minutes. Makes 5 dozen.

December Driving Hazards Make Caution Imperative

A weekly program to bring home the rules of safe motoring to all San Mateo county residents can be heard over station KVSM (1050 on dial) every Saturday from 3:15 to 3:30 p.m.

The weekly safety program is sponsored by the San Mateo county traffic safety commission. The program is especially important at this time of the year, for with the holidays there are apt to be more and more accidents.

Last December, the county had two motor vehicle fatalities. Both occurred between Christmas and New Years, and both were during the hours of darkness.

Two years ago, December, 1948, 14 people met death in 10 traffic accidents in San Mateo county. One accident happened on a grade and four of the victims were pedestrians. Of the 10 accidents seven occurred at night.

Remember these December traffic hazards and drive safely:
1. More hours of darkness make it harder to see danger.
2. Bad weather.
3. Slippery roads.
4. Holiday exhilaration—everybody in a hurry, and more drinking.

There are seven mountains in Marin County ranging in elevation from 1403 feet to 2604 feet.

56 County Men Face Dec. Draft

During December San Mateo county will furnish 56 men for the draft. This is a part of the 3,020 men called by state selective service headquarters last week.

Also the county's two draft boards will be asked to furnish 159 men for pre-induction physical examinations to meet a slightly smaller January draft quota of 2,451 Californians.

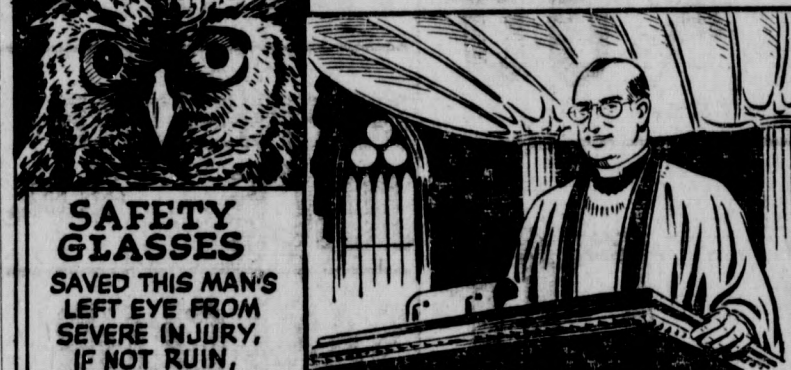

Already 88 men have taken pre-induction examinations for the January San Mateo county quota. Inductions during December will be on December 8, 15, and 22. The county to date has furnished 200 men for the Army. The draft has been in effect here for the past three months.

Answers to TEST YOUR I. Q.

1. Civilian. The new U. S. high commissioner for Germany is John J. McCloy, a civilian, who takes over the top job formerly held by Gen. Lucius D. Clay of the U. S. Army.
2. The Harvard University Library at Cambridge, Mass., founded in 1638.
3. Wisconsin.
4. Omaha is the name given to a beach in Normandy where American troops went ashore on D Day, June 6, 1944, for the liberation of Europe.
5. The tsetse fly, a blood-sucking insect no larger than a house fly.

No Soldier Is Automatically Covered By NSLI

There is absolutely no foundation for the rumor which has become prevalent among servicemen in Korea that they are "automatically" covered by \$10,000 of National Service Life Insurance.

This statement by Floyd D. Granger, Veterans Service Officer, San Mateo County, has been made necessary, he declares, because of the apparent spread of the rumor through practically all branches of the armed forces, and by people who are evidently unaware of what Granger terms its "possible tragic consequences."

Not Automatic
"There is no such thing as automatic NSLI," he said. "We are beginning to hear of more and more cases in which a man fighting overseas cheerfully informs his wife that he has 'automatic coverage' because he is in a zone of hostilities, and thus does not bother to make a formal application for insurance and authorize allotment of part of his service pay for the necessary premiums."

"If this serviceman is killed," Granger added, "is the person who gave him that misinformation going to pay his mother or widow the \$10,000?"

Insurance
He urged all dependent of servicemen in San Mateo County to make certain that the NSLI which protects them is based on a valid application by the serviceman and by regular payment of premiums, either through a pay allotment or some other means. Full information on NSLI is available to them and to veterans at the Veterans Service Office, Courthouse, Redwood City.

Law College Gets Permanent Home

Hastings College of the Law has commenced construction in San Francisco of its first permanent home in 71 years of existence—a \$1,700,000 structure to be erected at the northeast corner of Hyde and McAllister Streets.

Scheduled for completion in 1942, the three-story structure will be of steel and lightweight concrete construction with an exterior designed for conformity with the entire Civic Center. Many innovations are included in the interior of the building including four amphitheatre-type lecture rooms, a 100,000-book library, and underground garage.

The school was founded by Seranus Clinto Hastings, first Chief Justice of the California Supreme Court, in 1878 as the law department of the University of California. Today it is the oldest and largest accredited law school on the Pacific Coast.

Christmas Seals Sale Disappointing

Returns during the first week of San Mateo County's 1950 sale of Tuberculosis Christmas seals have proved disappointing to the scores of volunteer workers, it was declared today by Bradford M. Melvin, general chairman of the seal sale.

"The unfortunate experience of thousands of county residents when they found that the prolonged rains had dampened their Christmas seals and made them stick together," Melvin said, "is believed partly responsible for the poor showing in the initial week, and we sincerely hope that all the people who received seals in a damaged condition will make quick application for the replacement seals that have been flown out from New York."

First tabulations, according to Melvin, show a normal response from long-time residents, but a much poorer response from the thousands of newer residents of the county.

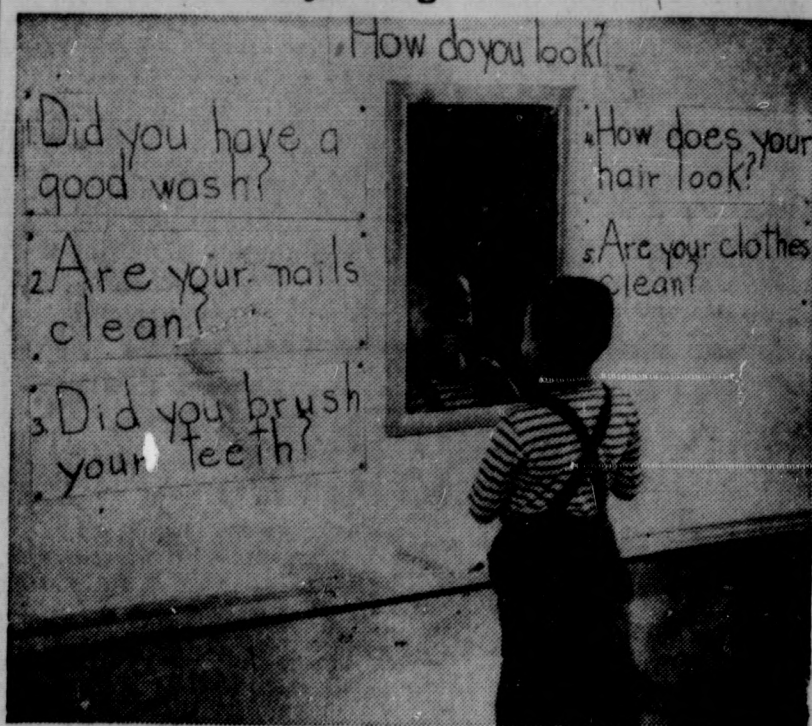

"I do not know just how we are going to get these new neighbors to respond," he said. "We are hoping that they will do their part in financing one of the oldest and hardest working institutions of their new home county, since it is manifestly unfair to place all of the greater burden upon those who have always responded so generously."

The seal sale headquarters expressed belief that returns beginning next week will show marked improvement because of the general custom of writing family checks shortly after the first of the month. Early mailing of remittances will lighten the task of the unpaid volunteer workers actively aiding the seal sale, they said.

DECEMBER HAZARDS

As Christmas approaches, traffic hazards increase, warns the California State Automobile Association. Earlier hours of darkness, reduced visibility and the rush of Christmas shopping all combine to make December one of the year's most dangerous months. Walking or driving, be extra careful.

Everything In Order

Youngsters in our schools learn to get off to a good start toward healthful living. This young man takes seriously his health education, one of the projects of tuberculosis associations affiliated with the National Tuberculosis Association and supported by the sale of Christmas Seals.

Food For Health

Even our very young children are taught that an adequate and balanced diet helps make a happy and healthful life and builds up resistance to diseases like tuberculosis. Health education in our schools is one of the many projects sponsored by the tuberculosis associations, affiliated with the National Tuberculosis Association, from Christmas Seal Sale funds. A Man Who Wants Son's Respect Must Be A Father Rather Than Pal

The man who can control his son by being patient and forgiving while at the same time remaining firm and fair cannot be a pal to his boy. He has to be more than a pal. He has to be a father.

That's the opinion of the Rev. John Schott, Cleveland Heights, Ohio, minister who says:

"To be a pal implies a mutuality of interest, and a certain intimacy that cannot exist between persons widely separated in years."

Writing in the December issue of Good Housekeeping magazine, the Rev. Schott explains: "To be an understanding father implies that you must earn and keep your son's respect, confidence, and esteem. And that's a big assignment."

The author claims that the father is rare who goes fishing or hunting with his son, or has in common with him a particular hobby. "For good or ill," he adds, "most of us fathers have been endowed with other characteristics, which have little appeal to our growing sons."

Speaking of his relationship with his own son, the Rev. Schott says: "We play table tennis together; we often spend delightful hours working in the yard; we occasionally go to a baseball game. But I am not deceiving myself. I realize that he would much prefer going to the game with a young friend."

Inevitably, says the author, there will be occasional conflicts between fathers and sons. The son, he explains, "will resent his father's intrusion in his life; he will often seem defiant and insolent. Many fathers become unduly alarmed by this tension. But such conflicts take place in the best-regulated homes, and a father must try to ride out the storm. Herein lies a big part of a father's job."

The Rev. Schott says he greets his son occasionally with a "Hi, pa." But he adds that this "means nothing." I'm not his pal. He knows it, and so do I. I trust I am more than a pal. I hope I am an understanding father."

Santa Claus Now Visiting Broadmoor

Want to meet Santa Claus? The old boy will be at the VFW and American Legion of Broadmoor Christmas tree lot every Saturday afternoon between noon and 5 p.m. until December 25. The lot is located at Junipero Serra boulevard between Rudies and the Serra Theatre.

NSLI Dividends Paid Veterans

Floyd D. Granger, Veterans Service Officer, San Mateo County, stated today that a recent report on the status of National Service Life Insurance Special Dividend payments, reveal that 14,593,442 checks covering special NSLI dividend payments of \$2-655,103,870.36 were issued through October 26, 1950.

At the end of the bulk run on June 15, 1950, over 369,000 applications remained to be processed. These were the ones requiring special handling because of lack of one or more serial numbers, incorrect addresses, lack of signature, etc. There was a large number of confused accounts in which additional information was requested from the Army or Navy. In some cases there was no entitlement as the dividend was used to liquidate overpayments of other monetary benefits. The Veterans Administration was holding over 30,000 dividend checks at close of business November 6, 1950. About 2,000 applications are still being received each week, which are being handled currently.

Granger recommends that veterans who filed sometime ago and believe their applications were complete, received an acknowledgment of their application, and to date have received no dividend payment, write to Veterans Administration National Service Life Insurance, Special Projects Division, Washington 25, D.C. supplying full name, present and former addresses, all insurance policy numbers, service serial numbers, dates of entrance into and separation from active service, giving branch of service, and dividend application number appearing on acknowledgment card.

Columbia, in Tuolumne County, once missed becoming the State capital by only two votes. Watsonville, settled in 1851, was named for Judge John G. Watson, who helped lay out the town.

And while your child is talking it over with Santa, you can be choosing your tree for Christmas. However, there is no obligation to buy.

All money the veterans' groups raise from the Christmas tree lot is to be used to make some youngster's December 25 a little brighter.
